# Let Us Illustrate Our Points.

Star Label is a fast rising force in the Pacific Northwest's label printing industry. We are a complete in-house pressure sensitive label printer.

Our art department, plate making operations and printing plant are all under one roof. Computer generated artwork is both incredibly fast - and accurate.

Combined, this gives us the capability to offer quick, quality service for all your label needs, including thermals and UPC coding.

## Hello, old friends...

Our 20 Year Reunion was a weekend filled with saying hello to old friends and new, sharing photos and tales, reminiscing and, through it all, laughter. The laughter began right from the start at Sutter's Mill where the committee had intentionally omitted nametags.

Laughter next showed up on Saturday at Esmerelda Golf Course where some of our classmates played golf, and others tried to convince us that they were.

The cruise on Lake Coeur d'Alene provided two hours of fun for members of the class and their families.

Saturday night was the "Main Event," and as proof of laughter, we have included photos of those who were able to attend. It was a fun evening where we all kept saying: "You look great - haven't changed a bit," along with other such reassuring phrases. Such conversations were only interrupted long enough to enjoy a delicious dinner, and slip in a few dances to another infamous band.

The picnic at Mission Park on Sunday was proof that not everyone had been done in by the "Main Event." It provided a final opportunity to get together.

And getting together was what our reunion was about. We wish that every member of our class could have been there, but we do realize that distance, time or cost kept some classmates from attending. For those of you who did come, we hope you had a memorable weekend...one filled with laughter.

The Reunion Committee would like to thank the Class of '68, for without your support and participation the reunion would not have been the success many of you said it was. We had anticipated compiling the biographies and other information for this yearbook in a more expeditious manner, but it was a process that took more time and hard work than we had originally foreseen. We're sure the results you find on these pages will outweigh the delay.

Thank you,  
Class of '68 Reunion Committee

(Additional copies of this yearbook are available upon request. Cost per copy is \$10.00 and can be obtained by writing: Ferris Class of '68, E. 8316 Courtland, Spokane, Wa 99212.

Gary & Wendy Ayres, 16523 N.E. 134th, Redmond, WA 98052 (206) 881-6122

Since graduating from Ferris I attended the University of Washington and graduated with a degree in Molecular Biology. While at the 'U' I met my future wife, Wendy Westland a coed from Connecticut. I later attended the U of W Medical School (1972-76) and in between (1974) married Wendy. Spent six weeks in Europe, but my high school French wasn't helpful (sorry Mrs. Bates). From 1976 to 1980 I did my residency in Internal Medicine in Salt Lake at the University of Utah. Skied a lot and even saw an occasional patient. Our first child, Andrew was born in 1978 and a second, Shannon, came along in 1980. That same year I returned to Seattle to do a Fellowship in Infectious Diseases. Published a little; prattled a lot. In 1982 I started a second Fellowship in Clinical Immunology and 1984 saw me move into private practice. The academic umbilical cord has yet to be completely cut as I still spend two days a week at the U of W.

**-B-**

Stephan & Maureen Backman, W. 1613 Pinehill Rd., Spokane, WA 99218 (509) 466-5543

I attended and graduated from the U of W (1972) and later graduated from the Gonzaga Law School in 1976. I've practiced law since and in 1980 formed the firm of Backman, Blumel and Reed. In January 1977 I married Maureen Alexander in Maui, HI.

We now have two children. Brooke, 9, and Brian, 7 and live in north Spokane behind the Spokane Country Club. The family enjoys golfing, skiing, jogging, soccer and going to the lake.

Kris (Bain) & Jerry Fielding, 2702 N. Gary Laurie Ct., Spokane, WA 99206 (509) 924-5170

Doug Baker, Corrymeela Community, Ballycastle, County Antrim, Northern Ireland, BT54 6QU

I've been in Northern Ireland for nearly nine years now, "but I haven't sufficiently lost my American accent." I'm often asked where I come from, to which I reply: "I'm originally from Washington State in the Northwest, but before coming here I worked near Philadelphia." More people seem to know where Philly is than Spokane. My journey to Northern Ireland began at the U of Washington where I became quite involved in the Presbyterian Church and took part in a special summer program called World Deputation. If accepted into a short-term mission program, I had to say if selected I would go anywhere I was assigned. That was 1970 and the events in N. Ireland were just beginning. My experience brought me face to face with the suffering of a civil war. I experienced poverty such as I had never seen.

Following graduation from the U of W in 1972, I spent two years working in Belfast as an assistant Chaplain, working with teenagers from both sides of the political divide. I returned to the U.S. to study at the Princeton Theological Seminary, was ordained and accepted a pastor's position in the Philadelphia suburb of Berwyn where I spent three years.

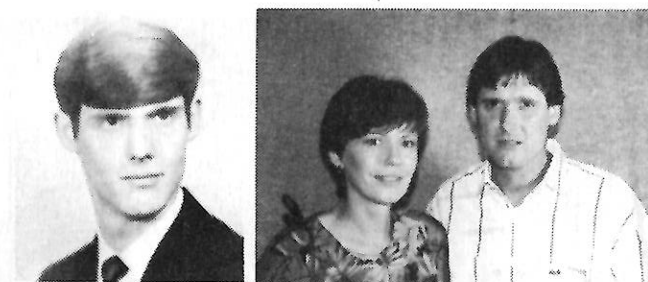

My family hoped I would return to the northwest, however during a holiday visit to Northern Ireland I was asked if I would consider returning and taking a position with the Corrymeela Community. This group, composed of progressive Catholics and Protestants, works for peace and reconciliation of all social, political and religious divisions in the country. The centre lies near Ballycastle on the north coast. From my breakfast table I can see the Mull of Kintyre, made famous by Paul McCartney's song.

The last nine years have seen me serve in the role of Christian Education Coordinator. I work with an Irish Catholic priest, which is a symbol of the church and society Corrymeela seeks to foster. In 1984, when just about everyone had concluded I was a confirmed bachelor, I married Elaine Orr, who at that time was a teacher in Belfast. We now have two children, Niall, 2 and Fiona, 1. Travels have taken us to various parts of Europe for holidays, particularly for skiing. I've made two exchanges to East Germany, which is another expression of the bridge building and peace making which has become an integral part of my life.

Richard C. Baker, Box 0162, Airway Heights, WA 99001

Erik & Cynthia Bankey, 85 Rockland St., Swampscott, MA 01907 (617) 592-3017

Two years after high school, I married Cynthia Newport, a graduate of Shadle Park ('68) and we're still going strong. We have two kids, John, 16 and Rachel, 11. After a few stops and starts at EWU I finally graduated in 1978 with a degree in Geology. Next was quite an adventure for our family. We sold and got rid of everything we owned - except for what we could fit in a car along with the four of us and a dog - and drove to New Orleans where I attended grad school at the U of New Orleans. Had a great time with the party-loving people and good Cajun food and graduated in 1980. From there I worked in the oil exploration business as a geologist in Tyler, TX (100 miles east of Dallas) for seven years, four with Exxon and three with Fina. But as most people know, the oil business is at an all time low, so I'm no longer in that field. We're now living in the Boston area and as of September 1987 I'm working in the personnel field as a job analyst - for now at least - with plans on getting into the geo-related field this year. There's so much to do around here that's close that we really enjoy it here. Someday we would like to get back to the Northwest permanently.

Mark & Penny Bankey, W. 1044 Gordon, Spokane, WA 99205 (509) 325-9340

Marsha (Bard) & Steven Johnson, Rt. 5, Box 00, Priest River, ID 83856 (208) 448-1419

John & Sherry Barton, 2215 S. Madison, Spokane, WA 99203 (509) 838-5133

I've been married 13 years and have three boys. I'm self-employed a roofing contractor. My company is Barton Roofing of which I am the owner and president.

Ray & Sue Batten, 1670 E. 9th, Weiser, ID 83672 (208) 549-0208

I am currently living in Weiser, ID, about 70 miles northwest of Boise. The town is best known for hosting the National Fiddle Contest every summer. I've been married to Sue, (a Shadle grad), for the past 16 years and have two lovely children, Sara, 12 and Stephanie, 9. I operate a small agricultural irrigation business which keeps me busy! I'm also involved in various church and community activities, and enjoy most outdoor sports like skiing and biking, etc.

Sheila (Baxter) & Rick Baker, W. 119 - 33rd, Spokane, WA 99203 \*

Patricia Baxter, E. 225 - 29th, Spokane, WA 99203 (509) 838-7658

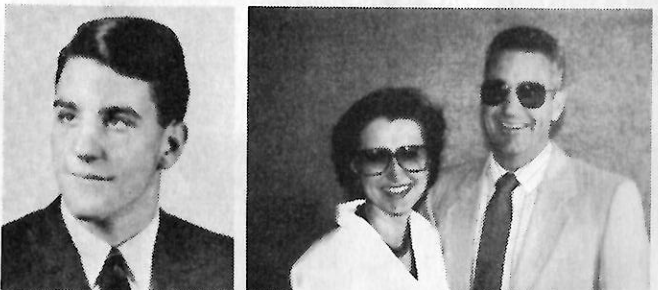

Terry Bayer, 2609 College St., Lacey, WA 98503 \*

**Thomas & Kristine Bayless, 28216 S.E. 432nd, Enumclaw, WA 98022 (296) 825-1562**

Upon graduation from Eastern Washington with a BA in Business, I began to sell real estate. Some of you even purchased a home from me. When I ran out of friends to sell homes to I moved to Seattle. While there, I purchased an apartment house from another classmate. In 1977 I sold the apartment and moved to Olympia where I became a self-employed carpenter. I returned to Seattle and continued to fix and build. Then in 1978 I got a 'real job' with Boeing in Industrial Engineering. In 1978 I got married to a gal who worked for the phone company. We lived in West Seattle and it was there in November 1981 that our son Mark was born. We moved to 2-1/2 acres in Enumclaw - where Farman's Pickles come from. - and I moved into supervisor's position at Boeing's Auburn plant. In 1985 our daughter Heather was born and my wife retired. Now I play golf, garden, do woodworking and keep up the homestead on my tractor.

**John "Brad" & Anita Bell, 9053 Calle Del Verde, San Diego, CA 92071 (619) 562-0738**

As I remember, when I left Ferris I had been accepted as an alternate to the Naval Academy. Unfortunately, my eyesight disqualified me from attending. As an alternative, I headed to Seattle and the "U." After the first quarter I felt it was all over between higher education and myself. However, the next quarter was significantly improved and I went on to graduate in 1972 with a BA in Political Science and a commission as an ensign in the Navy, via NROTC. A week later I married Anita Hall, a 1969 Ferris graduate, who through her bad judgement, and my good luck, remains my wife today. Anita and I spent the next six years in San Diego where I was assigned to three different ships, made three separate six month overseas deployments and generally made a success out of my Navy career. In 1978 I begged my way back to Puget Sound serving on a ship who's home port was Bremerton. I was due to rotate in 1980 and attempted to convince the powers in Washington, DC to leave me in Washington State. They understood the Washington part, but D.C. was foremost in their minds, so to avoid conflict and help stabilize my relationship with Anita, I resigned from active duty and went to work in middle management for Lockheed Shipbuilding in Seattle.

That adventure lasted about four years, before the call of the sea became too great and I was voluntarily recalled to active duty in the Navy. Since 1984 I have served on two more ships and am currently the commanding officer of the Naval/Marine Corps reserve center in Sacramento. For the last two years, Anita has remained in San Diego, while I have been moved from San Diego to Newport, RI to Long Beach, CA to San Francisco and finally Sacra-

mento. Anita has a superb position with the city of Santee, CA and serves as the purchasing agent and support services manager. We have our home in San Diego and I live out of a trailer in Sacramento. Between the two of us we have kept United, US Air and Southwest Airlines in business by commuting us. Well, that's what's happened to the Bell's in the last twenty. Can you top it?  
P.P.S. - The last time I had the pleasure (?) of producing a composition at Ferris was during our senior year. Lois Neswick assigned it a grade of "D." I hope twenty years have either improved my writing or Lois has reduced her standards.

**Joseph Benbow, 52 N. Fairway, Pullman, WA 99163 \***

**Phyllis (Bender) Van Hoff, N. 4718 Madison, Spokane, WA 99208 \***

**Jeff Bergman, 4541 N.E. 55th, Seattle, WA 98105 (206) 525-9869**

Well, I struggled through my freshman year at the University of Washington. Although I was never in serious contention to a Rhodes Scholar, I managed to stay in schools and dramatically improve my grades in my sophomore year. I was accepted into the School of Communications in advertising and public relations, graduating with a BA in 1972 and running headlong into the Boeing Recession. I returned to Spokane and worked for a while before entering the Air Force in July 1972. My first assignment after basic was Kessler AFB, Mississippi where I completed technical school. I remained there until October 1973 when I was offered a 'transfer to reserves position. I returned to Spokane and became a member of the Washington Air National Guard. I planned to obtain an advertising / public relations job with Expo '74, but it wasn't to be. I worked briefly at KEZE but it wasn't for me.

My big break came in the summer of 1974 when I was hired by the Ketchikan (Alaska) Daily News as an account executive. A year later I was promoted to advertising manager of the Daily News monthly regional magazine - the Southeastern Log. After two years in Ketchikan I felt it was time for a change. Island life is confining and the region gets about 12 feet (not inches) of rain a year. In October 1976 I returned to Seattle, worked briefly for the Bremerton Sun and then joined the Pay 'N Save Corporation in the advertising department as a copywriter.

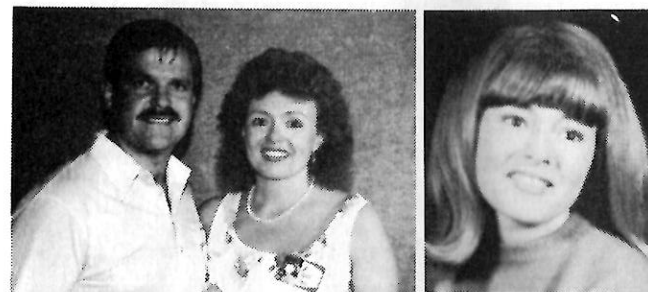

After three years with Pay 'N Save, I struck out on my own as a freelance printing broker. Part-time, I compiled editorial and photographic material for a group of independent community directories published by Mountain Publications of Kirkland, WA. I also gathered material for their travel book "Out And About In Central Oregon." In 1985 I made a complete career change when I joined TNT Skypark of Seattle as a customer service rep. This company is a division of Thomas Nationwide Transit PTY, Ltd. of Sydney, Australia. The principal business of TNT Skypark is shipping documents and dutiable parcels to 172 countries worldwide. Also under the Skypark auspices is TNT Mailpack, a global remail service. In June 1986 I was promoted to my present position of Operations Manager in Seattle for TNT. Not only have I learned a lot about the transportation industry, but I am now fluent in Australian. I also had the opportunity to be an 'on-board courier' to Hong Kong and have visited mainland China.

G-day mates.

**Larry Bergman, 2802 N.W. 68th, Seattle, WA 98117 (206) 784-8482**

I pursued music as a career seriously until early 1975. Much of my time was spent between Boston and New York. Later in the seventies I went back to school to study camera repair. In 1982 I took a job in Seattle as a repairman. I am now married and living in the Ballard District of Seattle while working for a repair shop in the University district.

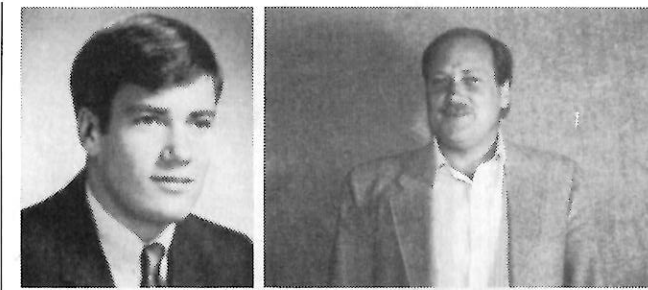

**Susan (Bestwick) & Daniel Van Martin, 7010 54 Ave. NW, Gig Harbor, WA 98335 (206) 851-6434**

After leaving the scarlet and silver I went to Northwest College in Kirkland where I met Dan Martin. I continued education at the UW. My roommate and I had an apartment 3 blocks off campus, so we watched a few riots while our eyes smarted from tear gas. Bryan Sanderson and Roy Nourse grew tired of having Dan use their apartment for his Seattle hotel, so we were married in March of 1970. Dan was serving 2 years active duty in the navy, stationed in his hometown of Tacoma. We now have three musical daughters: Denise, 15, Angela, 14 and Heidi, 12. plus our nine year-old frog collector Christopher.

Dan is a builder in the Gig Harbor area where we live on 12 acres in a home that Dan built for us. I'm his "Chief of Doing the Bookwork," and "Secretary of Getting the Insurance and Taxes Paid." We've enjoyed contracting for 16 years and make a good team. I return home to my parents home in Spokane each summer for a week of playing and relaxing in the sun while the kids go to Silver Lake Bible Camp. The highlight of my travels was a 1986 trip to shopping heaven in Hong Kong, Shanghai and Bangkok with fellow shopper Susan Stewart. Any spare time is spent at the beautiful beaches of Puget Sound, reading, playing games with the kids, jogging, or walking - or better yet, horseback riding.

**Jodi Bettencourt, E. 516 - 23rd, Spokane, WA 99203**

**Richard Bingham, % Rockcliffe Apts., 2389 Southeast Blvd., Spokane, WA 99203**

**Vern & Sue Bjurstrom, 3524 W. Crown Place, Spokane, WA 99205 (509) 326-6715**

**Elizabeth 'Betty' (Black) & Douglas Bell, 10830 Vernon Rd., Lake Stevens, WA 98258 (206) 334-8614**

The past 20 years have been good to me. College in the '70's brought me a BA in Education from the University of Arizona and later a Masters from the UW. I married my husband of 17 years (Douglas) during his law school days. We were struggling students together in Tucson before returning to the northwest to settle on the shores of Lake Stevens, near Everett. We bought a small summer home and began our careers: Doug in a law firm and myself in a classroom. Three children soon followed, along with two remodelings of our home. I left teaching in favor of motherhood, but when my children started school I went to work part-time as a parent educator with Everett Community College. I am currently teaching in Lake Stevens as a remedial math specialist. My oldest daughter, Sarah, is almost 13 - and definitely a teenager, followed by 10 year-old Christopher (a real sports enthusiast) and his brother Peter, 6. My husband is a senior partner in an Everett law firm where he does business and Indian law. Besides my work and being 'Super Mom,' I enjoy snow skiing (a family activity), plus boating and camping. I love to garden, hate to clean house, and aspire to do as much traveling as possible. We spend time every summer at Coeur d'Alene Lake and enjoy visiting Spokane.

**Joyce (Black) & Tom Fancher, 120 S. Joseph Ave., Tonasket, WA 98855 (509) 486-4244**

**Gene Boatsman, E. 8111 Marietta, Spokane, WA 99212 (509) 926-9443**

**Lynn (Bock) Thompson, E. 1912 Central, Spokane, WA 99207 (509) 484-9023**

**Cathy Borste, 732 - 36th Ave., Seattle, WA 98122, (206) 324-3878**

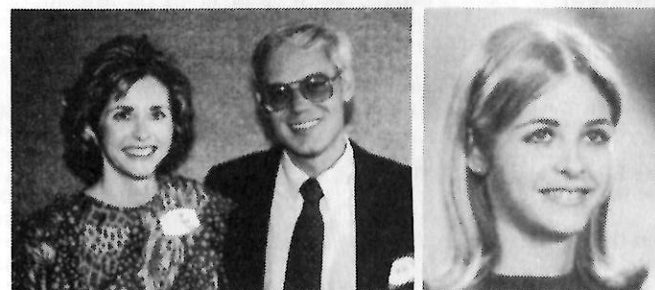

After graduation I went to Spokane Falls CC for one year and then spent the next summer working at Yellowstone Park. I met one of my best friends there, as well as lots of people from all around the country. In the fall of 1969 I moved to Seattle with some friends where I spent the next two years working and going to college. In the summer of 1971 I spent four months traveling around the US, visiting almost 40 states. Upon returning to a snowy, cold Seattle winter, I decided to move to San Francisco. I lived in the Bay Area for two years and worked in a health club, as well as taking various classes in the health field. I enjoyed the California lifestyle, but decided to return to Seattle as I missed the clean and beautiful northwest, my friends and family. I was sidetracked to Hawaii for four months and fell in love with the islands. I have been back several times and hope to maybe live there at some time in my life. I moved back to Seattle at the end of 1973 and have been here ever since. I worked for the City of Seattle for several years in various technical and mechanical areas. In 1981 I went to work for the University of Washington in the Materials Science and Engineering department where I work as an engineering technician. I work with graduate students from all over the world in research and development of new materials being used in computers, semi-conductors, space, etc.

I enjoy a variety of activities such as sailing, hiking the Cascades, exploring the San Juan Islands, genealogy, taking classes at the U, trips to the Oregon coast and of course, visiting my family in Spokane several times a year. I have been volunteering at Children's Hospital for about a year and am thinking of going back to school in some area of the health field. In the next few years I hope to travel more overseas and then settle down into marriage and children.

**Charlotte Bothum, E. 4028 - 3rd, Spokane, WA 99202**

**Judith (Boyce) & Daniel Kline, 11971 S.E. Mel-Brook Way, Clackamas, OR 97015**

**William Brakel, % Mrs. Seth Thomas, E. 2639 - 40th, Spokane, WA 99223**

**Ingrid (Brandt) & Roger Cressey, 4615 Bristlecone Ct., Oceanside, CA 92056 (619) 758-5203**

**Tom & Mary Brandt, Rt. 3, Box 544, Spokane, WA 99223, (509) 448-9137**

**Cindi (Brask) & Rich Williams, 7606 N.E. Aquila Ct., Vancouver, WA 98682 (206) 256-0314**

I got married and then was divorced for 10 -1/2 years, during which time I was a Legal Secretary, on the board of directors of the Northeast Neighborhood Center and School District. In 1980 I got re-married to a wonderful man and while on our honeymoon (Friday The 13th) found my natural mother and six brothers and sisters (all in one day). In 1981 we moved to Vancouver, WA and had a home built. I am an engineering assistant for a phone company that serves Alaska. We have three boys, a 20 year old and two 18 (no not twins - one is a step son). In my spare time I'm secretary for my husband's company and head up a Neighborhood Block-Watch for our area.

**Jeffrey & Marilyn Breckel, P.O. Box 46, Stevenson, WA 98648 (509) 427-5211**

I graduated from the University of Washington in 1972 in Business Administration (Finance) and then was Naval Supply Officer for five years, serving as a staff assistant to Admiral Rickover in Washington, DC. For the past 10 years I have lived in Stevenson, WA. I served as Director of the Oregon and Washington Columbia River Gorge Commissions from 1978 to 1987. I directed a bi-state program to protect the Gorge's resources and values and played an active role in passage of the 1986 Columbia Gorge National Scenic Area Act. Currently I am the Special Liaison to the Governor's of Oregon and Washington for the cleanup of radioactive and chemical wastes at the Hanford Reservation. I've been married for 16 years with two children, Erin 11, and Mathew, 8. My wife, Marilyn is the Skamania County Budget Director/Staff Assistant to the Board of Commissioners. I enjoy fishing, hiking and sailing and am active in city government activities.

**Jim & Gilly Breeden, E. 1704 South Ridge Drive, Spokane, WA 99223 (509) 448-9721**

After graduation I headed off to the University of Washington, along with a few classmates, and joined Sigma Alpha Epsilon fraternity. Seattle turned out to be a great place. Four years later I graduated in Zoology and continued for four more years in the UW's school of Dentistry. After eight years of school, skiing accidents, rainy winters, tuition and apartment life, it was time for a change. Marriage was first and then an unusual opportunity arose to go to Switzerland and work in a dental office. We hiked, climbed and traveled while living in Zermat. It was a wonderful place and we almost made it a permanent home, but returned to Spokane knowing the Alps would let us return. Since 1979 I have been practicing in Spokane. We have two children, Eric, 8, and Lindsey, 5 and they'll probably attend Ferris as well. We built a new home last year (1987). Current hobbies include running, golf, going to Lake Chelan. I'm now in my fourth year of piano lessons.

**Marian (Bretz) & Michael Whitney, W. 523 Alderwood, Spokane, WA 99218 (509) 466-1368**

**Donna (Broder) Willett, 4730 Noyes St. # 101, San Diego, CA 92109 \***

**Deborah (Brown) & Ron Erickson, E. 1008 - 5th, Spokane, WA 99202 \***

**Susan (Brunner) & Mario Oblak, 10318 - 15th N.W., Seattle, WA 98177 (206) 782-6423**

She looked at me and said, "your world must be full of children! Look at you, you have wild fabrics, you're using a Snoopy ruler and you poos thing, your collar and arm bands are all different colors."

An instructor for a rag run class made that remark to me several years ago and it has been rumbling around in my memory waiting for the proper time to surface; I suppose THE reunion is IT! Her comment was true of both my professional and family life. My husband, Mario, and I have two children, Mara, 6, and Marko, 4. I work part-time as a speech/language pathologist with young children. Each has enriched the other immensely.

Backing up now to the fall of 1967. I recall saying in the *Saxon Chronicles* article that I planned on attending WAZZU and major-

ing in Interior Decorating. Wrong! I ended up attending the University of Washington for both a BA and Masters, graduating in Speech Pathology and Audiology in 1973. Like most of our memories I recall the politics and social consciousness of the times quite vividly; aware now of the intensity and impact of those times. Fol-

lowing graduate school I took a job as a Communication Disorders Specialist for Tacoma Public Schools. It was while living in Tacoma that I met my husband, Mario. He was working days making fishing nets, nights and weekends on his sculpture. We were married in the fall of 1974, moved to Seattle where I worked at the U of W and he completed his BFA. From 1975-77 we lived in Providence, RI while Mario completed a MFA at the Rhode Island School of Design. I worked in a small hospital in Central Falls, RI. While there we collected a houseful of American antiques, becoming addicted to "mission furniture." Our other passion was exploring the east coast, including car camping in Manhattan. Since 1977 we have nestled into life in Seattle. I have worked at the U of W in various capacities including clinical supervisor, clinical director and now as a research clinician on an NIH grant. My favorite quip is that I "get paid to play." Mario works now as a longshoreman and is designing his future studio.

Our lives now include many child and family activities. We've enjoyed learning with our children and helping them to develop their own interests. This summer we seemed to have grown web feet from swimming and beach combing. Having recently moved to a new home, returned to work after a four year break and anticipating both children being in school in the next year, we have many hopes and dreams for the future. This time I won't commit to print what they are, but at some reunion in our later life I will again pause and reread this autobiography and marvel at how things have changed!

**Patty (Buck) Saxton, 436 Bellflower Blvd. # 307, Long Beach, CA 90814 (213) 494-3285**

The past 20 years have seen me work as a legal secretary in Spokane and Hawaii before marrying Jerry Saxton in 1973. We lived in Bellingham for one year where he had his law practice. We moved to Dallas to pursue real estate syndications. We retired from that business before the recession and moved to Southern California four years ago. We kept a boat in Bellingham and traveled three to four months a year. We have since divorced and have the friendliest divorce on record. The marriage gave me more than I ever expected, and most importantly, a friend for life. After 20 years and six colleges, I finally got an AA degree, with lots of left over credits that will never apply towards anything except my own enlightenment. My best education has come from life and travel. The most fun travel experience was an 8-day horsepack trip over the Continental Divide; the most exotic was the Middle East and North Africa; the most rewarding was reuniting with my grandparents' relatives in England and visiting them every two or three years.

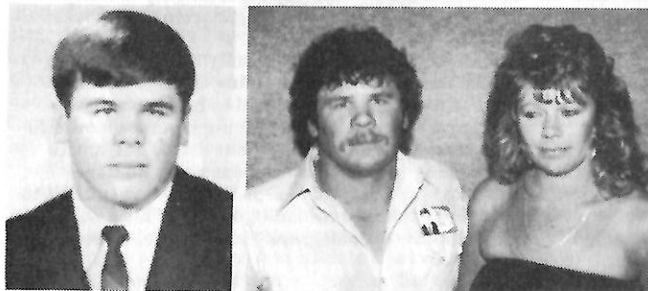

Most recently I manage investments and work part time managing a 'cruise-only' travel agency, taking advantage of the travel benefits as often as possible. For fun I play tennis, snow ski and scuba dive. Southern California has great weather, arts and entertainment, but I've never stopped loving the Northwest and try to get back to visit as often as possible.

**Ginger (Bunker) & Steven Ripley, 537 N. Stafford, Portland, OR 97217 (503) 286-5606**

**Donald Burns, 1145 - 3rd Ave. West, Kalispell, MT 59901**

**Gary & Jeannie Burns, Rt. 1, Box 286, Mead, WA 99021 (509) 238-9125**

My 20 years since Joel Ferris reads like Dorothy and Toto's journey to Oz. As my tornado ended, I was deposited on Mt. Spokane - not Kansas - with my wife, Jeannie and all of our critters on 20 acres of our own space. We own and operate a floor finishing business out of Seattle.

**Dean & Janice Carriveau, E. 1128 - 43rd Ave., Spokane, WA 99203 (509) 624-7301**

I was fortunate to get a job with a local photography studio after graduation. I worked while attending SCC and EWSC. By February 1970, I was inspired to quit both my job and school and move to Northern California where I started my real education. I started with Pacific Telephone in 1970 and moved on to AT&T in 1979. I hope to retire from there, buy a fifth wheel trailer, some loud sport shirts and tour the country in a parody of my parents. I was fortunate to meet my wife Janice in 1971. We were married in Berkley, CA in 1972. We have one daughter, Jennie, a dreaded teenager. She is just 13 and still has to hone her teenage skills. As of this writing we are still very proud of her. We enjoy collecting 16mm film and have converted our basement into a small theater. We use real butter and not imitation butter flavored grease. We also play around with old car restoration and enjoy touring with other similarly afflicted individuals.

**Ann (Carroll) & Pete Briggs, E. 1817 - 55th, Spokane, WA 99223 (509) 448-1582**

After graduation I attended WSU for one year. I then went to work in Spokane as a dental assistant. In 1970 I married Pete Briggs (Class of '66 @ LC). We now have two children, Tarrah, 15, a sophomore at Ferris and Ryan, 12, now in 7th grade at Sacajewea. The last four years I've been working for Pete at the office. I'm happy to say I'm retired for now. We still love living in Spokane. In the winter we take to the slopes for some great snow skiing. The summer sees us enjoying our place at Coeur d'Alene Lake. I have to say that the last 20 years have been good.

**Larry Carter, 6023 Red Brook, San Antonio, TX 78242 \***

**Michele (Cassano) & Bill Carrara, Box 69, Newport, WA 99156 (509) 447-3060**

Bill and I are married and have a blended family. I have been a hairdresser for 18 years and my husband is a musician. We live in Newport and we enjoy riding our Harley Davidson and spending time with our family.

**James & Carolyn Castino, 41818 - 207th S.E., Enumclaw, WA 98022 (206) 825-2860**

Graduated from the U of W in 1972. I have spent most of my career in the commercial/industrial construction business. Currently I'm with Rushforth Construction Co., Inc. in Tacoma, WA where I handle project management and marketing for projects to \$3,000,000 in value. I'm taking the last part of the Architecture examinations in June to become a licensed architect. We have two children, Jennifer, 11, and Jay, 10. Both are playing Little League baseball this spring. We are presently building a new home in the country (Enumclaw), hope to be moved in by September. We're interested in raising Llamas (Does this sound weird?)

**Cliff & Pat Castle, 1146 Harvard Dr., Santa Rosa, CA 95405 (707) 528-7288**

I graduated on the President's List from Eastern Washington State College. I married Pat in college and later moved to Santa Rosa where I went to work for Hewlett Packard 15 years ago. Our daughter, Megan, was born in 1980. I became involved in soccer and was a professional referee in the North American Soccer League for five seasons. I saw quite a bit of the U.S. and Canada until the league's demise six years ago. My interests now are fine arts (drawing is my continued interest), playing soccer, studying ancient and Renaissance history, and war gaming.

**Karen Castle, 121 S. Haven, Spokane, WA 99202**

**Michael Chandler, 3027 E. 36th, Spokane, WA 99203 (509) 448-3462**

**Candis (Cole) Walsh, E. 3311 Georgia Pine Lane, Mead, WA 99021 (509) 467-0628**

I was married for seven years and later got a divorce. My youngest son died and I have been supporting my oldest son for the last 11 years. We enjoy going to our cabin at Lake Pend Oreille where we enjoy water skiing and other water sports. In the winter time we do snow skiing and enjoy both football and basketball games. Two years ago we went to the World's Fair in Canada and currently live in Mead at Shenandoah Forest Estate.

**Marjorie (Connor) & Larry Carter, 6023 Red Brook, San Antonio, TX 70242 \***

**Robin (Corte) & Bill Cleaver, Rt. 2, Box 73, Newport, WA 99156 (509) 447-2907**

**Renee' Coshow, 13432 - 181st S.E., Renton, WA 98756 (206) 271-2894**

After graduation I attended EWSC, married and moved to Sacramento where I was employed as a data processing manager with Tenco Tractor. From there I moved to Davenport, WA and was employed as a Civil Deputy for two years. After an untimely divorce, I moved to Seattle with my two children and have been employed as the credit manager for Western Peterbuilt. I am continuing my education in credit management and finance through Seattle Pacific University. This next May (1989) I will sit for my fellowship rating. I have two beautiful children, Corey 18 and April 8.

**Janet (Creasman) & Daniel King, E. 3319 - 71st Ave., Spokane, WA 99223 (509) 448-1520**

**Steve Cripe, 2303 W. Kiernan, Spokane, WA 99205 \***

**Bruce & Becky Ann Cromwell, 12226 - 21st Ave. S., Seattle, WA 98168(206) 824-5326**

Over the past ten years my wife and I have had the privilege of caring for two wonderful sons, Brendon, age 9, and Benson, age 6. Our marriage of 15 years has been very good and most fulfilling. We have lived in Seattle all of our married life, except for a one year stint in Boise, Idaho helping teach in an independent church. A career has not been my highest priority as I have been mainly concerned with the spiritual well being of my family and myself. I think we have grown and matured spiritually over the past number of years, especially the past two of three. We have come to look more to our Lord Jesus than to man - who usually fails us.

-D-

**Ralph & Sherry Dahman, N. 4911 Florida # 61, Spokane, WA 99207**

From high school, I toured the Pacific Rim countries of Japan, Hong Kong and Thailand. After returning home I joined the Marine Corps for four years. After the military I pursued commercial art in college. After graduating I was employed at Rusans Womens Wear as a visual merchandising artist. I eventually became corporate visual art director for the 14-store Rusans chain, which has since been sold to Mari-Posa. While at Rusans I was asked to teach Merchandising Art at Spokane Falls Community College, which I did for a couple of years. North Idaho College in Coeur d'Alene asked me to start the same type of visual merchandising program. I worked in this position for a couple of years before resigning to start my own business. I now work for myself developing real estate and running a commercial laundry service. My hobbies are many, but above all I like to fly. I am a private pilot and also a hot air balloon pilot. I'm happily married to Sherry for the past 14 years and have two children, a girl, Niki, 11 and a boy, Justin, 10. We are presently building a house six miles south of Ferris and have no plans to leave the Spokane area.

**Chuck & Sandi Daiger, 7016 - 126th N.E., Kirkland, WA 98033 (206) 827-3809**

Twenty years! Since the years haven't seemed to follow any natural progression as far as where I've lived and what I've done, I'll start with where I am now and list the rest in a not necessarily exact order. I am living in Kirkland with my wife Sandi and 3 year-old son Troy. After leaving Ferris, I went to WSU and after taking time off for work and vacations I graduated 5-1/2 years later. Between then and now my experiences have included working for a construction company in Alaska, building parks on the Columbia River, announcing on a radio station, traveling around the country for a year, selling real estate and managing an office in Spokane, owning a drive-in restaurant and a country western bar, as well as developing houses and selling real estate in Alaska. For the last three years I have been in Kirkland and involved in a development company in which we build apartments and buildings. I've lived at the same address for more than two years for the first time since leaving high school and we love Seattle. It appears that our moves in the next 20 years will be short ones.

**Nancy Ann (Daly) & Michael Ryan, 1717 - 150th S.E. # 4, Bellevue, WA 98007 (206) 746-9415**

I attended WSU upon graduation from Ferris. I went on to attain a BA in Home Ec and an MBA. I then entered the work force and spent five years with Princess Cruises (the "Love Boat"), two years with Mercer Island Schools in the personnel department and for the last nine years with the Bellevue Athletic Club as an administrative assistant. I have been married for 15 years and we have no children. Health is an important factor in our lives and we begin the week day at 5:30 am with either an hour of aerobics or a 5-7 mile run. Some days we do both. Leisure time is spent being involved in community activities such as the National Ski Patrol Volunteer System, Boys & Girls Club, Alpha Phi Alumni, American Heart Association and the American Cancer Guild. Vacation time each year has been spent snow skiing for two to three weeks at a major destination resort like our favorites: Alta-Snowbird in Utah or Aspen and Snowmass in Colorado. Our employment has involved some traveling which has allowed us to see much of the United States. We head back to a favorite this fall - New York - where my husband will compete in the NY Marathon. We enjoy visiting Spokane each year for Bloomsday and I still have family living there and at Diamond Lake. The real award has been a very full, healthy, active life, rich with family and friends.

**Mary Ann (Darden) Van Wert, S. 2316 Manito Blvd., Spokane, WA 99203 \***

**Debbie (DeChenne) & Dale Poffenroth, E. 19905 - 8th, Greenacres, WA 99016 (509) 928-3667**

Twenty years is a long time, but my how the years fly. I graduated from EWU in 1972 with an Elementary Education Degree. Prior to that I married Dale Poffenroth from LaCrosse, WA. We taught in Garfield and Davenport and now reside in Greenacres, WA where we have developed a mini-farm consisting of two cows, sheep, chickens, rabbits, a dog, cats and a new addition of a duck. We also have three daughters: Danyel Lynn 13, Desiree Lee 10 and Darah Jean 7. Our girls are active in 4-H, piano and dance class. This makes mom-me super taxi driver. Dale is a high school basketball coach so we are a dedicated coach's family which keeps us on the go. Hectic, but we enjoy every minute of it. In my spare time I also enjoy working with crafts or some kind of sewing.

**Donna (DeChenne) & Doug Howell, 34532 - 212 Ave. S.E., Auburn, WA 98002 (206) 631-2165**

I'm still married to the same wonderful guy (16 years now), and

have three children, a son and two daughters, ages 11, 7 and 3. I'm also still flying the "Friendly Skies" (United Airlines for the past 18 years) with the past 14 based in Seattle. My husband is a regional vice president for A.L. Williams and I give seminars for spouses in his business. I'm a member of the PTA Board and am editor of the school newspaper. We like to travel a lot so I'll probably keep my job for a few more years. Our favorite places are New York, Hawaii and Hong Kong, but we can still be found hanging around Coeur d'Alene Lake in the summer.

**Donna (Diaz) & Kenneth Enburg, Rt. 1, Box 191, Chattaroy, WA 99003 (509) 238-6197**

It's been twenty years since we left Ferris, but it doesn't seem that long. Ken and I have been married 17 - 1/2 years. We now have 4 children: Connie 16 and a junior at Mead High, Paul is almost 14 and in 9th grade at Mead Jr. High, Timothy is seven and in second grade, while Patrick is starting kindergarten this fall at Colbert. He's 5 - 1/2. Ken is an electrician and working for a small company. We have a small fruit orchard that is just starting to bear fruit. I'm a housewife and keep myself busy helping at Colbert Elementary and my church.

**Darlene (Diaz) & David Sisk, E. 1643 Rich, Spokane, WA 99207 \* (509) 489-8704**

I am married and have three children. They are Daniel, 14, Debra, 11 and Dawn, 7. I have a degree as a medical tech. I am working at United Paint and Coatings as a quality control Lab Tech. I am also an inspector for the Department of Agriculture Dairy Division. I enjoy my church, family and home.

**Tricia Dibblee & Rian Brown, 13345 S.W. 31st, Beaverton, OR 97005 (503) 641-0757**

The 20 years since graduation have been far from boring to me,

but in trying to write it down for others it looks boring. But here goes...

After graduation I moved to the beautiful state of Oregon to attend the U of Oregon in Eugene and never returned. I graduated in 1972 with a BA in Community Health Education. I spent the next few years working for a County Health Department. I married Rian in 1973. He also works for the county. We had our 15th Anniversary and it seems to have stuck! The highs and lows of our lives since have included: Building a wonderful beach house on the Oregon Coast which we still have and love to retreat to; the loss of our first son to birth defects soon after birth. There was the birth and raising of two delightful boys - Alexander Dibblee Brown (known as "Zander") who is seven and is in second grade and Simon Dibblee Brown, now five and in Kindergarten. The sun rises and sets here! They are great kids and keeping up with them takes all the energy we can muster. Two years ago we built what we hope is our final home and we are still nesting in with the landscaping.

Throughout all this I have been fortunate to work at a job I really enjoy. For the last 12 years I have worked with Blue Cross/Blue Shield of Oregon. I am in charge of Provider Services and with a staff of 11 we work to educate physicians and hospitals in our system. We also work with physicians to establish medical policies for our company. I travel the whole state on a regular basis and have had interesting out of state travel opportunities. Last year I became a Certified Health Consultant through the school of Marketing at Purdue University. and the national Blue Cross/Blue Shield Association. This year (in my spare time!!!) I branched out a little and have done some private consulting for an organizational psychologist in Indiana. I've been all over the east coast several times.

Rian is now the Personnel Director for Providence Medical Center in Portland so we keep close tabs on the health care industry.

**Dana Difford, E. 2219 Girard Pl., Spokane, WA 99203 (509) 534-3512**

**Dorance & W. Kaye Dillon, 2703 Dunbar Dr., Tempe, AZ 85282 (602) 967-3867**

**Michael Dillon, E. 1815 Rowan, Spokane, Wa 99207**

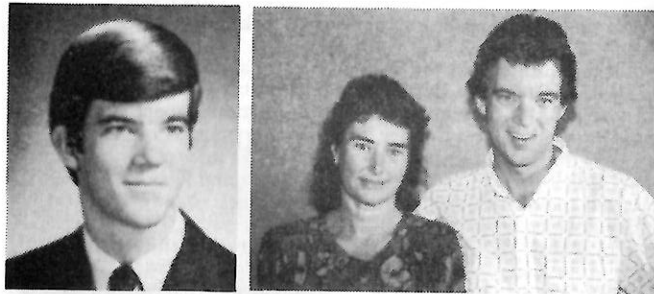

**Peter Dix, Rt. 3, Box 544D, Spokane, WA 99203 (509) 448-1580**

I attended Washington State University, graduating with a degree in Construction Management. I was a member of the Beta Theta Pi fraternity and coached ski racing during college. I took one semester off in 1971 to play on the winning national 12 goal polo team in Midland, TX. That same semester I skied the Western, U.S. and competed in some pro ski races in Colorado. I also competed in rodeos, riding bulls and bareback during the college years. Went to Florida immediately after graduating to play polo and train polo horses. That same year I traveled to the Bahamas to play polo on a team with Prince Charles.

Took some time traveling back across the U.S. to Spokane and began working with Dix Steel in 1974. I married Betsy O'Kelly in 1975. We have two children: Travis 8, and Eric, 6. We built our present home on 30 acres just south of Spokane. I've continued to play polo and compete in different national tournaments, finishing 2nd in Dallas as recently as 1986. I currently own and operate two construction companies with my brother Pat - the Dix Corporation and Cobra Corporation. these companies specialize in commercial and industrial jobs involving structural steel, large mechanical processing equipment, heavy lift operations and metal roofing throughout the Western United States and Puerto Rico.

I'm currently on the board of directors of the Associated Building Contractors and served 3 years on the board of the Spokane Economic Development Council. We are in the mountains skiing every weekend because our children are in the Spokane Ski Racing program. Besides polo and skiing, other activities include: soccer, waterskiing, wind surfing, hunting and fishing. In the summers, the family spends a lot of time at either Priest or Coeur d'Alene Lakes.

**Robert & Melinda Dodge, P.O. Box 225, Peshastin, WA 98847 (509) 548-5905 or (206) 443-3181**

I plead the 5th Amendment for the time between mid-1968 and sometime in 1970 - my "lost years." Then I "got religion," joining the Jesus People Army, pestering people on the streets of downtown Spokane for a little over a year. I moved to Santa Barbara in late 1971 and took up the illustrious career of a janitor in a local hospital. Once I realized I didn't want to be a janitor for the rest of my life - it only took me two years to figure that out - I began taking classes at Santa Barbara City College. In 1975 I transferred to the University of Washington where I completed a degree in English in 1977. Between 1977 and 1980 I went to law school in San Francisco (more lost years). After graduating in 1980, I joined a firm in San Francisco for a year. In the fall of 1981 I moved to Seattle where I was in private practice until January of 1986 when I joined the in-house legal staff of Seattle-based Westin Hotel Company. My wife, Melinda, and I live in Peshastin, WA (approx. three miles east of Leavenworth on Highway 2) Melinda has three children from a previous marriage who live with us and I have two children who currently live with their mother. I am still working for Westin and maintain an apartment in Seattle during the week, but have been actively seeking employment in the Wenatchee area. Here's to the next 20!

**Grant & Jacque Dyke, Box 4415, Stockton, CA 95204 (209) 474-9133**

I adjust my glasses to peer over my belly to see the keyboard - the keyboard which I plan to write and contemplate the last twenty years of wonder and humor. I yawn as my wife suggests that if the garbage is not taken out, I definitely will not have to wonder about any humor. Married life began about 20 pounds ago. Just kidding, Jacque is a wonderful woman from the Portland area. We will be married one year at the time of the reunion. this is my first

marriage, wonder and humor, the best of life.

It sure is fun to plan for the twenty year reunion. I had my mother send the '68 yearbook to Stockton. Stockton is a big Othello, but this is the armpit of California. Not to put Stockton down (or Othello for that matter) but it is really a growing city. Agriculture and manufacturing is the mainstay. there is lots of money in the area. I'm just trying to get some. I have been eeking and scrapping for a living in Stockton for seven years. I am sales manager for Stockton Business Machines, a dealer for IBM hardware. It was not easy to scratch and claw my way to the upper echelon of SBM. I learned this type of office politics before I moved here. I learned the way to the top in Maui.

For six years I called Maui home. I had to learn a different language, even a different set of hand signals. I had to learn the names of the beaches, restaurants and surfing techniques. I never did learn to surf, but surfing is not for everyone. Prior to "Land Sharking" on Maui, I worked in the Great Northwest on the Milwaukee Railroad. I was a brakeman and conductor and traveled to such diverse places as Othello, Bovill and Wallace. (No wait, the Lux is a different story.) Right after Ferris I was fortunate to attend college and receive a BA Degree. I'm proud of that degree and am thankful for the chance to attend.

When I look back and realize how much we experienced, how much fun we had during those years at Ferris, I wish I would have paid more attention. Well, maybe more attention in Mr. Rogalski's English class. Or was that speech, or maybe Russian? I still wonder.

-E-

**Jo (Egbert) & Bill Zemke, 228 Wildwood Dr., S. San Francisco, CA 94080 (415) 952-3983**

After graduating from WSU in 1972, my husband Bill and I moved to San Francisco. Bill has been a civil engineer for Pacific Gas and Electric since we moved here and I worked for Wells Fargo Bank for over 10 years. When son Vance was born in 1983, I took a leave of absence from my job as assistant manager at the Presidio office in San Fran. After returning to work part-time I decided I preferred being a full-time mom. In 1980 we bought an older home - a true fixer-upper - and have spent a lot of our free time working on the house. Our latest project was building a guest room.

We're active in the Lutheran Church. We still commute into downtown San Francisco to attend the church we joined when we first moved here. It continues to be a source of true joy to us. With our parents in the Northwest (Spokane and Coeur d'Alene) we travel there at least once a year. If our son had his way it would be even more often! We always enjoy being able to spend time with our families and the beautiful northwest.

**Wendy (Elliott) Peters, 9921 N.E. 116th, Kirkland, WA 98033 \* (206) 822-2939**

**Gary Emmitt, N. 16423 Sunnyvale Dr., Nine Mile Falls, WA 99203 (509) 466-4640**

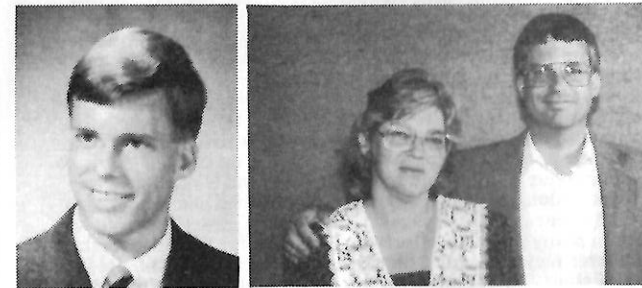

**Geoffrey Eng, S. 2122 Lincoln, Spokane, WA 99203 (509) 455-8498**

-F-

**Julie (Farmer) Vassey, E. 3837 Upriver Dr. Spokane, WA 99207**

**James Fedrick, 101 S. Havana # A 208, Spokane, WA 99202 (509) 534-9286**

**Joseph & Frances Feil, 5312 Windermere Dr. S.E., Olympia, WA 98501 (206) 459-1733**

**Roger & Astrid Feldman, 3439 - 10th Ave. West, Seattle, WA 98199 (206) 284-8131**

I received a BA in Art from the U of W in 1972 and later attended Fuller Theological Seminary from 1972-73. I lived in Seattle from 1973-75 and while at the seminary I married Astrid in 1972. I painted paintings for two years and accepted at Claremont Graduate School in Claremont to attend art school. I attended for two years from 1975-77, graduating with a Masters in Fine Arts Degree. in sculpture. I returned to Seattle and taught college art for two years at four different institutions. I also illustrated a dental textbook series on a Kellogg Grant at the U of W. I kept showing sculpture up and down the Pacific Coast. Our daughter Kristen was born in late 1979. Son, Kyle came along in June 1982. I began working as a graphic designer to keep food on the table and joined a graphic design firm in Seattle from 1985-87. In 1986 I received a National Endowment For The Arts Fellowship grant in sculpture. My first large public commission came in 1987 when I sculpted a steel sculpture for the Renton Vocational Technical Institute.

So what's important? Becoming a Christian in high school and growing in that understanding since then. My wife and kids are important. I'm a lucky guy. Having a career that keeps me on the cutting edge, challenged and growing. Are we having fun yet? Yes. It was great to go to high school with you! Thanks!

**Marilyn (Felt) & David Knight, 26311 S.E. 230 th, Maple Valley, WA 98038 (206) 432-6865**

**Larry & Joy Fitzpatrick, 6626 - 56th Place N.E., Marysville, WA 98270 (206) 659-9369**

In 1968 I was married to Cynthia Brask and had two boys who live with Cyndi. I moved to Los Angeles for six months and returned to Spokane and raced stock cars for two years and got divorced. I moved to Seattle in 1972 and worked in construction. I met my wife at the U of W and have been married for 12 years. My wife is from Thailand and has a Masters in Linguistics from U.W. We have been back to Thailand twice and lived in Anchorage for a year. We settled in Marysville 10 years ago and have fun traveling

to Vancouver and Victoria, BC whenever possible. I am currently an engine rebuilder for an Oldsmobile dealership in Seattle. I returned to school and got a Masters in Automotive Technology and Electronics.

**Lynda Lee (Florine) & Bruce Brunette, W. 1817 Nora, Spokane, WA 99205 (509) 326-4909**

Before leaving Ferris, I wrote to a local guy in Viet Nam. In fact there were a couple. Remember the sign-up sheets: Write to a poor lonely guy fighting for your country. Homeroom earns points!! I wrote and married one of them. I attended SCC and worked in the snackbar. I married my soldier at 19 and still have no regrets. He is still a wonderful guy and is currently driving a cement truck with winters off. We enjoy the time together.

I have worked at a bank and then tried my hand at a small newspaper. We have two wonderful daughters, 15 and 11, and feel very special to be their parents. I sell Watkins (spices, extracts and cleaning products) and do some babysitting. I still love kids. We have tried our hand at two small businesses, one which we've recently sold. I am here for my husband, taxi for the girls, manager and slave of a 3 bedroom home. We have one rental house which my husband remodeled and fixed ourselves. We also have property along the Pend Oreille River. We enjoy playing, going to my husband's baseball games, boating, tubing, skiing and floating, the girls' activities, mo-peding, walking, going to Hot Springs, eating, vacations and lots of friends. We own our home and are remodeling to get it fixed just right, learning as we grow together down the same path the Lord has so generously given us.

**Janet (Gardner) & Robert McComb, E. 11314 - 31st, Spokane, WA 99206 (509) 226-3059**

I'm proud to say that my life has been filled with five wonderful children. We are the "Brady Bunch." Gary, 19, my first joy, plays drums with bands around town and also coaches gymnastics for Spokane Elite. Traci, 17, my sweetheart, will be a senior this year, was Jr. Princess and works in a local store. Jerome, 7, our Mt. St. Helens baby (one weekend to remember) is special and our official tamborine player. I have two step children, Jessica, 13, who will be attending Ferris this year, plays great flute, was in color guard at Sac last year and has brought love and spice into my life. Kim, 9, is pure spit-fire, with a heart of gold. They share an interest in this reunion as they had an uncle in our class of '68 who was lost in Vietnam. My friend, lover, and husband of nine years is R.J. McComb, a veteran musician, all around good guy, has filled my life and that of our family with music. We have a country rock band named "Crossfire" which our son sits in on with us when he gets the chance. We have great sociables, we party, raise cattle and travel whenever we can and just enjoy life - not always the good, but the bad too. Thank you to my children and husband for making my life complete. And here it is, 20 years later, remembering people, friends, watching each other grow through school. Those years we spent were special. Now life's jokes presents itself to all of us. It's all "smile and keep going" through varicose veins, midriff bulge, and the battle with mean old Mr. Gravity. We are left with a life of remembrances. Thank God, thank you and best wishes to all of you '68ers and your families for the next 20 to come, God Bless!

**Shelby (Gates) Cutter, 2220 S. Fawn Dr., Spokane, WA 99206 (509) 924-9555**

After Ferris I attended EWSC for two years before marrying and moving to Nurnberg, Germany. For the next two years, while my husband took care of his ROTC obligation from college, I worked for American Express. I very much enjoyed Nurnberg and the experience of living there. It was great to be able to explore Germany on weekends, and other parts of Europe on vacations. After returning to Spokane in 1972, I worked until 1975 when I returned to Eastern. My husband and I went our separate ways in 1976 and I graduated with an art degree in 1977, moved to Seattle

and entered the Credit Union area of the insurance business as an agent. I began dating Dennis Cutter of Spokane and after more than a year of commuting for dating, I moved my insurance business here. Somewhere along the way I forgot to have children, but after Dennis and I married in 1982 I gained two step daughters. They are now 23 and 27, married and quite enjoyable, but there were times over the past 11 years that...well, you know, or if you don't know, you will! Dennis is president of a credit union here and is involved with the credit union movement on the state, national and international level. Because of this he does travel and I have enjoyed going on some trips with him. In 1986 we attended a meeting in London for a week, and then drove around Europe for two more weeks. Along with my 11 year old insurance business, I also have a nine year old business with Mary Kay Cosmetics which has resulted in many new and interesting friendships. To make certain that my stress level does not drop too low, I returned to school last Fall - half time - to augment my art degree with one in interior design. Being totally self-employed does have its advantages when it comes to juggling time. My desire is to be able to specialize in the marine field. Dennis and I are very avid boaters, spending 90 percent of our free time from March to October on our boat. Therefore, I want a career that will enable me to work around boats. This summer I became a certified SCUBA diver and have been diving with Dennis as much as possible. After our reunion we will be leaving for a month in Australia, New Zealand and Fiji. Ten days will be in Melbourne for a World Credit Union Forum and the remainder will be vacation. We are very excited about diving on the Barrier Reef and in Fiji because I guess its about as good as it gets. I still enjoy snow skiing but not with the gusto I did in high school. I now prefer to sleep in when the ski report says wind and fog. Never thought I'd become a "Sunday" skier, but at this rate I probably won't ski unless it is powder snow and sunshine by our 30th!

After spending a couple of years in Eastern Oregon, I moved to Alaska for adventure and the outdoors. After 13 years in Anchorage - except two years working on the pipeline in Valdez - I decided to move back to Spokane to spend time with my family and enjoy some decent weather. I miss the beauty of Alaska and will probably return many times to visit my friends. I enjoy the independent life and the freedom it gives me. I may possibly try some overseas work in the future and hope to do some more traveling in Europe.

**Jim & Beth Graham, 2129 - 11th Ave., Clarkston, WA 99403 (509) 758-2278**

Twenty years!! It really didn't set in until seeing an annual from the Clarkston High school this past spring. I started out as many of the male youth of that day. Two choices. One was to go to college and two was Vietnam. I chose one. I attended Eastern Washington State College and graduated in 1972 with a degree in math. I had also taken ROTC throughout the four years at Eastern and had a four year commitment with the Army that turned into a six year adventure. I was stationed at Ft. Benning, GA, Ft. Sill, OK, Ft. Bragg, NC and finally in Europe at Baum holder, Germany. While at Ft. Bragg, I made the most rewarding and greatest decision of my life. I returned home and married Beth, a friend I had met and enjoyed during my last year of college. From Ft. Bragg we went to Germany and lived for the next three years. In August of '77 we had a special joy with the birth of the first of our two girls, Heidi. During the end of my tour of duty in Germany, I decided that too much time was being spent away from home and therefore I must make a decision: family or the U.S. Army. Beth and I came home in 1978 and began job hunting. We ended up in her home town of Clarkston. I have worked for the Potlatch Corp. for the last 10 years. In November of 1979 Beth and I enjoyed the arrival of our second girl, Holly.

**Barbara (Grinalds) & John Tusant, N. 7235 Fotheringham, Spokane, WA 99205 (509) 328-4461**

The past 20 years for me have brought more joy, character building and growth than all of the previous years. It is hard to realize how much has changed until you stop and look back and can scarcely remember the beginning. The beginning for me was the first two years ('68-69) in Portland at Bible school. From there it was on to Newberg at a small college for three years to earn a music Ed degree. There I met John and we were married in the summer of 1973 with he looking forward to the seminary and I toward my first teaching position in Tigard, OR. Since then there have been three beautiful daughters (now 12, 11 and 7). As a pastor's family we have moved from Seattle to Spokane to work in three churches. John is currently the manager for the Louis Palau Crusade for Spokane which will be held in April 1989. My days are overflowing with family and teaching 4th grade at NW Christian school. That also means going back to school once in a while. Our goals for our family include instructing, encouraging and walking with the Lord every day with eternal values shaping our priorities.

**Carolyn (Harvey) & Steve Gigliotti, HCR #11, Box 26A, Davenport, WA 99122 (509) 725-5225**

Upon graduating, I attended Western Washington for two quarters. I became engaged and then came back to Spokane, found work, got married and helped put my husband through his last year and a half at Gonzaga University. We then began our saga of traveling. Steve got a teaching job in Ohio. We saw Washington DC. enjoyed the sights of the east. But Spokane will always be home so we came back and Steve began teaching. After three years, we moved again and went to the Sioux Indian Reservation in South Dakota. We were very isolated but maintained our sanity there for four years. It was an experience, but we formed strong friendships and learned a lot about ourselves. After leaving and spending some time in Seattle, we came back to Spokane and thought we would stay. But after South Dakota, the country was in our blood and we are now living on a 60 acre homestead in Lincoln County. My husband retired from teaching and started a wood-working business and stays very busy keeping track of the animals and children. In between the traveling, we managed to have two children, Sara 13 and Pamela 11. I have enjoyed my travels very much and continue to do so as I still work in Spokane and drive into town every day. It has been a very exciting twenty years for me and I wouldn't have changed a thing!

**Claudia (Haspedis) & David Dixon, 11365 N.E. Tulin Rd., Kingston, WA 98346**

I am now married to David Dixon (Ferris Class of '66) and have three children. I spend my time and energy in too many areas to mention, all of them, however, are related to children, foreign language and fibers. To date, none of this energy results in much money, but there are many other payoffs so I can't complain.

**Carol (Hastings) Holliger, 21 Phoenix St., Vernon, CT 06497**

**Mike & Cindy Havens, 3101 S. W. Willow Parkway, Gresham, OR 97080 (503) 667-5757**

When we had our last reunion I was happy to say that I had gotten married. I am still happy and proud to say that I am still married to the same person and enjoyed our 11th anniversary this summer. One of the main reasons for this enjoyment is the fact that I am a Born Again Christian.

**Richard & Shirley Hayward, N. 921 Ravalli Dr., Veradale, WA 99037**

I've been married since 1971 to Shirley A. Licht, a graduate of Marycliff and WSU. We share the joy of four children, Chris was born in 1974, making him now 13. Our second child, Jennifer, was born in 1977 and is 11. Our last two arrived as identical twin boys, Daniel and Jeffrey, born in 1982. Through all the ups and downs I would not trade one of them. I joined the Army reserve out of high school, there by making room for someone else to enjoy Southeast Asia. During high school I worked with Allied Industries and after graduation went to work full time in chain link fence construction. I worked my way up to operations manager. When the economy took a down turn in 1983 and the business closed, I went to work for Microcenters, a California-based computer chain, as their general manager. A year later I had the opportunity to gain control of the Spokane unit and did so. Microcenters is at N. 1014 Division. It's the old Boyle Fuel building. We sell service and support computers, related software and equipment. We attend the Liberty Lake Community Church, a Bible-centered, fundamentalist, non-denominational church. I lead Bible studies and am an Elder there. I enjoy our store, but find that things such as money, power, possessions are not goals unto themselves. If you try to make them that, life will leave you empty. I find great peace in spiritual things that have given my life both focus and substance. Understand though, I'm still under construction and refinement. My hobbies include being a private pilot, being a computer buff, a collector of old cameras, reading the Bible and related publications, studying war and military history, science fiction, psychology and who knows what else. If anyone else sees common interests, experiences or just wants to say hi, please give me a call. I'll be more than glad to hear from you. Work is 328-BYTE to 5:30 pm and home is 924-8888.

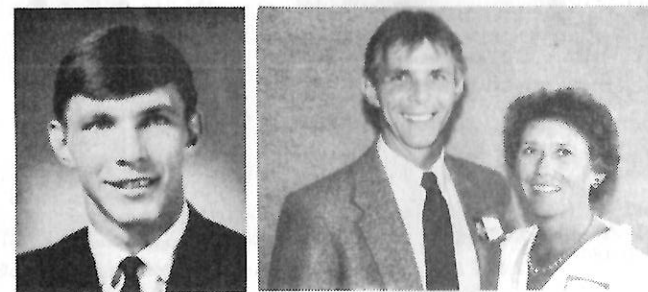

**Judy Healy & Steve Hildman, 9541 Interlake North, Seattle, WA 98103**

After graduation I attended Eastern Washington University for several quarters. In 1969 I was married to Jerry Anderson and in 1970 our son Christopher was born. From 1970 to 78 I was a homemaker and attended school on a part time basis. I was divorced in 1978 and went back to school full time, finally receiving my BA in Psychology from the University of Washington in 1980. Because of my own therapy to help me deal with my divorce and a job I had as an undergraduate working at a crisis clinic in Seattle, I became interested in becoming a therapist. I attended graduate school at the 'U' and received my Masters in Social Work in 1983. My first job after graduation was at an adult day health center in Everett where I worked with older adults. Now I am working at a mental health center in Lynnwood and I co-lead the older adult day treatment program, as well as an outpatient therapy group for older women. My interests include folkdancing, movies and listening to

all kinds of music.

**Wayne Heath, 15024 S.E. 184th St., Renton, WA 98058**

**David & Diana Herndon, 7250 S.W. Juniper Terrace, Beaverton, OR 97005 (503) 643-2322**

Twenty years have come and gone and the memories are still so clear. Thinking back to 1968, the faces and events seem like yesterday, but the names have started to cloud over. I remember starting out the summer of 1968 with just playing and having fun waiting to start Spokane Community College. After only two terms, a girl from summer's past re-entered my life. Commuting to Beaverton, Oregon for dates with Diana soon grew old. I decided to break away from Spokane and explore job opportunities in Oregon. No sooner had I unpacked my bags when Uncle Sam gave me the option of a tour of duty with the army in S.E. Asia, or to join the coast guard. After 6 months duty in the beautiful bay area of San Francisco, I returned to Oregon. Diana and I married in the spring of 1970. We settled into normal rites of passage - work, buying a home and raising a family. We've been blessed with two children, Darren and Darcie. I've been working for Washington County Fire District #1 since 1975 as a paramedic. Diana and I have enjoyed keeping active with the kids. We've been chauffeurs, cheerleaders and mentors as they have pursued soccer, basketball, swimming, water polo and etc. Darren, 17, will be a senior in the fall and Darcie, 15, a junior. As a family we ski together, and in the summer we all love to water ski. We often spend time visiting my folks on the Pend Oreille River. After many rainy winters in Beaverton, sun spots lure us and we've traveled to Arizona, Hawaii and Florida. With the kids in high school, a lot of memories are rekindled.

**Leonard Hickey, 19609 S.E. 259th, Kent, WA 98031 (206) 631-4249**

**Donna (Hickman) & Dave Rogers, 11723 E. - 35th, Spokane, WA 99206 (509) 924-0330**

**Sameul & Janet Hieronymus, 1312 Melville Dr., Riverside, CA 92506 (714) 780-9128**

After 20 years, I just can't seem to get out of high school. One of my dreams was to win the state championship. After finally achieving that goal in Junior College, I found it really left me with a void and really questioning my purpose in life. The biggie was "Why am I here?" My college professors left me with more ques-

tions than answers, but as a junior attending WSU I was confronted with the claims of Christ. I found that the evidence was overwhelming and discovered that He who created me wanted a personal relationship with me also. I acknowledged my need for Him and began to discover what it meant to know Jesus personally. Dramatic changes took place in my attitudes about life, relationships with others and sports. That's when I decided to go into full time ministry with a team - Athletes In Action - that influenced me to become a Christian in 1972. I met my wife, Jan Sherley in Long Beach and we were married in August 1974. After six years of competing with AIA and sharing Christ through an athletic platform, we decided to leave all the traveling and start a family. Through the modeling of a friend who worked with youth, I decided to work with young people. I am currently with Student Venture, the high school ministry of Campus Crusade For Christ. Seeing the influence that Christ makes in changing a person's life is more than enough to keep me in high school. II Corinthians 5:17 says: "If any man be in Christ, he is a new person inside, old things have passed away and all things become new." I coach wrestling on the side and live in Riverside, California with my special wife Jan and three children, Julie 9, Paul 7 and Andrew 3.

**David & Jane Hodge, P.O. Box 502, Mountain Home, ID 83647 (208) 587-4523**

After high school I went into the Army and served in Vietnam, Germany and California. After the army I went to work with the Department of Defense at McClellan AFB in California. I have been working on fighter aircraft for the past 16 years. I have traveled all over the world to work on these aircraft and am currently assigned to Mountain Home AFB in Idaho. I am married and have two teenage daughters that keep us going constantly.

**Pamela (Hogsett) & John McNulty, 6858 New Brookline N.E., Bainbridge Island, WA 98117 (206) 842-6039**

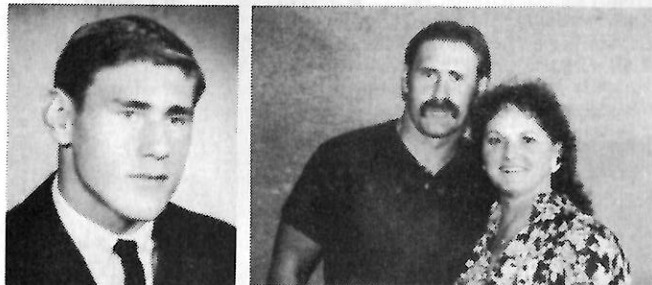

It's a long way from the 60's to the 80's. In the fall of '68 I went to UPS (University of Puget Sound) and actually joined a sorority. Repression was not part of the political consciousness of the time and besides, an organization that taught one how to smoke cigarettes correctly...well, I wanted to be independent and on my own. I transferred to the U of W with some other KKG outcasts and we had a great time being the "Woodstock Generation." I took on the "hippie" lifestyle, although I never really looked the part. I've always liked "fashion" and still do! I joined the Vietnam protests and marches, made beaded peace symbol necklaces, went to rock concerts, ate macrobiotically, and earned a BA in Art Education with a minor in metal design. Right after graduation in 1972 I got married and moved to Carmel Valley, CA. The culture shock was too

great and we moved back to Seattle a year later. We sold our VW bug and put money down on 2-1/2 acres on Bainbridge Island. We engineered a scheme to borrow back from the land owner to get a mortgage and develop the property. We got a house for free (classified ads) in Renton, barged it to the island and over the next few years virtually rebuilt it ourselves. During this time I was soul searching for a career direction. Robin had married a dentist and suggested I use my metal sculpture experience and venture off into the dental laboratory business, making gold and porcelain crowns and bridges. They introduced me to my mentors; a dentist who, with his father, had invented and instigated a whole new philosophy and technology for dentistry and his lab technician. They took me into their fold and over the next six years I participated in a great many full mouth reconstructions. I later became a Certified Dental Technician.

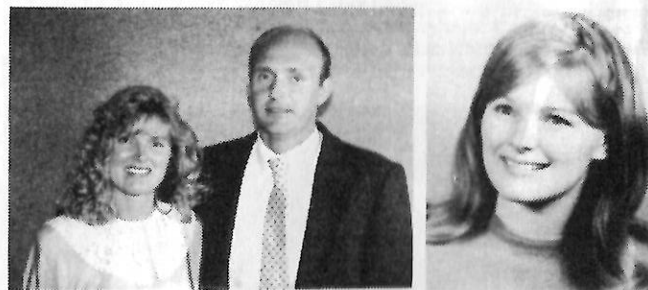

In the summer of 1977, I became "enlightened" and felt the 'ole inner calling to be independent, contribute, and make a difference...again. I got divorced and kept the house and dog. I also started my own Dental Lab in Seattle and joined several dental study clubs. In the Winter of 1980 I was going very well as a professional "Tooth Fairy" and moved my lab into my house on the island. I could work long hours, take long work breaks, and by golly, I figured I had finally "made it." Early in 1981 while on an empty 10 am ferry boat, I met John McNulty. He had just started his own clothing manufacturing company and had just returned from a sojourn in China to research duck down processing and sewing factories. We got married the next winter and honeymooned in Hong Kong and China. We started adding onto and landscaping his Bainbridge Island home where we now live. I retired from the Dental Lab business upon the birth of our first child, John Francis IV in September '82. Tara Robin (yes, named for Robin) was born in February '85. Last summer we bought some Bainbridge waterfront property and are currently designing a home we plan to spend the rest of our lives in. We are Seahawk and Sonic fans and like to do things as a family. I'm involved in our community and being a "Mom." And over the past twenty years I have counted on and supported my relationships with Robin, Sue and Tricia. They are still my best friends.

**Steve Holt, N. 4822 Nelson, Spokane, WA 99207**  
(509) 489-6048

**Larry & Jacquie Hone, N. 6915 Smith, Spokane, WA 99207**  
(509) 467-7866

I graduated from SCC with a Baking degree and then got married, had two kids and then divorced. I got re-married in 1974. Together we've raised five kids: Christine 20, Scott 19, Angela 18, Joshua 16 and Brad 13, I've worked for Safeway for 18 years and have been a bakery manager for 10 years. My main interests are raising show pigeons, playing Rec Basketball and modified softball. I also do a lot of hunting and fishing.

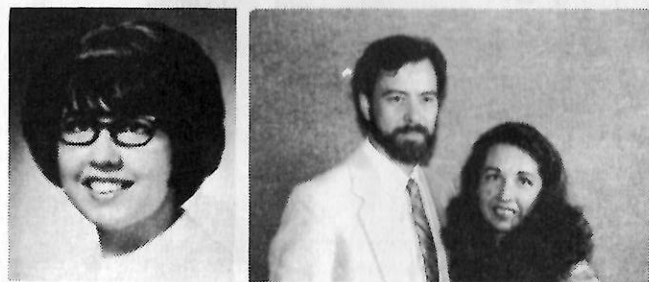

**Deanna (Honegger) & Gene Bland, 21001 Newport Hwy., Colbert, WA 99005**  
(509) 484-5232

After graduation I worked for First National Bank. Somewhere in there I met Gene and we married. Two years later we were blessed with our son Marty. Two and a half years later we were blessed with a daughter, Tricia. I spent many years at home as a wife and home maker. Time was filled with hobbies, friends and various church activities. When my kids entered school I started volunteer work. For the past five years I have been working at Shiloh Elementary in the library. Now, to tell you a little about my family where the bulk of my energies have been spent. Gene is a contractor in the Spokane area. He endures the rowing machine for fitness. He also enjoys racket ball and golf. Marty will be a senior at Mead High and enjoys snow and water skiing, barefooting, sailboarding and is about to finish lessons for his private pilot's license. Tricia is a sophomore at Mead. She also enjoys snow and water skiing, volleyball and he two horses. Our summer weekends are spent on the Pend Orielle River where we indulge in all water sports and volleyball. I enjoy walking, bike riding and a new love, sailboarding.

**Linda (Honegger) & Walter Daffe, 37480 Riverside Loop, Pleasant Hills, OR 97455**

My family and I are living in Oregon. We just completed our new home and enjoy it with our three children, boys 16 and 12 and a girl 9. I think we're pretty settled here. I do miss the snow sometimes. It's so beautiful. Over the past twenty years we have managed to have a child in each state - Washington, Oregon and California - and averaged a move a year in our first twelve years of marriage. My husband's from North Dakota. I met him in Spokane when I was a junior in high school. We were married in 1969 and moved to California for his 3-1/2 years service in the Air Force. Then we moved to Spokane. He went to college at Cheney for two years and then down to Pullman (WSU) for the remaining three years. He graduated with a degree in construction management. We moved to Oregon upon graduation and we've been here ever since. He's now working for Wildish Sand and Gravel in Eugene as an estimator in their building department.

**Connie (Hood) & Arland Ableman, 9001 E. Morgan, Spokane, W 99207**

I am married to my best friend, Ardee, and have a beautiful 17 (almost 18) year-old daughter. I am an Administrative Trainee III with the State of Washington and my husband works for the City of Spokane. We recently moved to the country - finally!!! I enjoy family life, good friends, our horse and pets, and keep busy with

gardening, photography, arts and crafts and working around our home.

**Bob Hoover, 2222 S. Altamont, Spokane, WA 99202**

In the fall of 1968 I started at Eastern Washington University in music. I played football there until I realized they only wanted my body for experimental destruction purposes. Actually, my major studies in music didn't allow any time for sports in college. And seeing that I went to college to study music, I spent my time in all kinds of musical ensembles. I spent five years at EWU and received a BA in Music Education and Music Composition and theory. After college, I took a teaching job in the Seattle area, taught music and PE and coached several sports. I did that for five years. During that time I was also a youth pastor for three years. I spent a year traveling with a professional drama/musical troupe based in the Seattle area. I acted, wrote, arranged and orchestrated music for that group. I moved to Coeur d'Alene and worked for three years for the CDA Press as a photographer. In January 1985 I moved back to Spokane and have been working at Squires Music Center. Right now I'm planning on starting graduate work in music this fall. I also plan to continue performing Christian musical concerts which I've done since college.

**Laurie (Huber) Sheffler, N. 1226 Pierce, Spokane, WA 99206**  
(509) 927-8287

Change envelopes all individuals in a positive manner if they are willing to risk new experiences. Twenty years ago, Laurie Ann Huber walked the halls of Ferris High, wondering "where will I be in the years to come?" Life provides many happenings which not only provide growth as a human being, but fond memories of "the way we were." During the past twenty years I was married to Tim Crowley and was blessed with two sons, Jeremy 16 and Jerod 9. Both are caring intuitive children who love sports, pizza, and in Jeremy's case, girls! During an 11 year marriage to Tim, I became a secondary teacher in Theater Arts, teaching both abroad and in Spokane. Today, I'm married to Jim Sheffler and have raised a step son, Joshua, for the past seven years. Jim and Joshua have supported Laurie through a number of professional endeavors. A masters degree in Theater Arts and an additional masters in Psychology has provided me with the expertise to counsel students and facilitate workshops throughout the northwest in drug abuse, suicidology and interpersonal communications. Currently I teach

part time at University High and am a Drug Abuse Coordinator for the Central Valley School District. "The way we were" holds fond memories and hope for the years to come.

(509) 326-6692

**Gayla (Hughes) & Gilbert Pierson, N.E. 1240 Cove Way, Pullman, WA 99163**

Hi everyone. A quick sum up of the last 20 years? Well here goes. In the spring of my senior year I met my future husband on a trip to Vancouver, BC with about 15 members of a group called Horizon Girls. It was a farewell trip to top off being with them through 12 years of Bluebirds, Campfire and then Horizon. What a kick to get off a train at 6 am in Everett and come face-to-face with someone and have him knock your socks off. We dated through the spring and married in August. His name is Gil Pierson. We moved to Pullman so Gil could finish his final year of college. The following August we had our first child, a daughter named Kim. After graduation we moved back to Spokane where we lived for 9 years. These were busy years as we had another daughter, April, in 1971 and a son, Terry, born in 1974. Being a wife and mother has been great, plus I was self-employed as a beauty consultant for Mary Kay Cosmetics. In 1975 I quit Mary Kay and joined a professional singing group known as the Dave Moyer Singers. We performed in such places as the Spokane Club, Gasthouse Krone (Anyone remember that German restaurant?), weddings, conventions, etc. After the group split up I went on to sing with a gospel trio called "Love Shine." We appeared at churches, crusades, etc.. I've always loved to sing and combine sharing God's word. While all these things were important to me, we also had the experiences of a growing family so I went on to a new adventure - waiting tables! I worked at Geno's pizza for a year and the Casa Blanca for a year. That brings me to 1978 and a big change in our lives. Gil accepted a position at WSU so it was back to Pullman. We've lived here for 10 years. After I worked as an assistant manager at Alex's Restaurant, we expanded our family when our son Robert was born in 1980. I decided to stay at home and still earn a decent wage so I opened a daycare center. It's been running ever since. Besides the obvious joys of having 18, 17, 13 and 8 year-old children and also working with children, I manage to enjoy reading, singing in our church choir, acting and singing in Summer Palace at WSU (I starred in Little Shop of Horrors and Camelot last Summer), I also love to cruise with family and friends on our 1937 classic wood 32 foot boat on the Snake River. We are looking forward to cruising to Tri Cities and even Portland this summer. I'm a member of an international Woman's Sorority called Beta Sigma Phi and enjoy helping each year with the Washington State Junior miss Pageant as well as other civic services.

**Douglas Huneywell, E. 10119 - 20th, Spokane, WA 99206**  
(509) 926-8532

**Constance (Jarvis) & Jon Wolfe, 5354 Vista Grande Drive, Santa Rosa, CA 95403  
(707) 545-6413**

What have I been doing for the past 20 years? Most recently it's been chasing toddler Alexandria while coordinating the \$22 million endowment campaign for the San Francisco Symphony. Alas, not playing piano with the orchestra - just raising \$\$\$ We also poke in our garden in Santa Rosa. Before that it was moving 11 times, building a house on a hill in Sausalito, working at a prep school, grinding away at a law degree, spending a glorious year in Cambridge and Maidenhead, England, graduating from Stanford in Music Performance. And that's about it. Oh yes, marrying Jon Wolfe in '74.

**Marta (Johnson) Clippe, Rt. 1, Box 42A, Reardan, WA 99029**

**Don & Jeanine Johnson, N. 21824 Meadow View Dr., Colbert, WA 99005  
(509) 466-8446**

Although much of my time the past few years has been spent commuting between Spokane and Miami for the taping of my weekly television show, I have done a few other things. Legally, I have fathered three children, 2 boys and a girl, ages 7, 4 and 2. I have been happily married for 10 years. I believe 10 out of 13 isn't bad. My wife is a registered nurse at Sacred Heart Medical Center. She is a specialty supervisor in surgery. I have been employed at Seafirst for the past 13 years. Notice I said 'employed.' I did not say 'work' at Seafirst because my co-employees say I don't do a darn thing. I play softball in the summers and have coached numerous teams in the past 17 years. Currently I play for the Office Tavern. During winters I have an exciting hobby called shoveling off my driveway. We live north of Spokane, between Colbert and Chattaroy and enjoy the rural life.

**Janice (Johnson) & Dale Finley, Box 3107, Kodiak, AK 99615  
(907) 486-5135**

After graduating from Ferris I traveled to Chicago in the fall of 1968 to attend Moody Bible Institute. I graduated in 1971 with a diploma in Christian Education. I continued my education at Seattle Pacific College, graduating Cum Laude in 1973 with a B.A. in Psychology. Summer classes in Chicago then earned a B.A. in Christian Education at Moody. From 1973-74 I worked in Spokane. In September 1974 I moved to Glennallen, Alaska and worked 7 years as a medical secretary at Faith Hospital with Central Alaska Missions. During that time I received training through the State of Alaska as an emergency medical technician and EMT instructor, spending 5 years as a volunteer on the Faith Hospital Ambulance Service, and being involved in highway rescues and air evacuations. I furthered my education attending paramedic school at the University of Oregon School of Medicine in Portland and received my paramedic's certificate in June 1981. I returned to Alaska - this time Anchorage. I have lived and worked in Anchorage the last 7 years. I was an EMT instructor traveling around the state covering areas from Fairbanks to Ketchikan, St. Paul Island in the Bering Sea. I have worked as a medical transcriptionist at Humana Hospital for the past two years. On June 11, 1988 I married Dale Finley of Kodiak. This is the first time either Dale or I have been married. Dale is a powersystems dispatcher for the Kodiak Electric Association. He is a graduate of Northrup University in Los Angeles and has an A & P license. He is a commercial pilot and gives flight instruction. Dale has a lovely home on a lake and is just 2 blocks from the ocean. Having just returned from St. Thomas and St. John in the Caribbean. I am now in the process of moving all my accumulated belongings of 14 years and sorting things out for one big garage sale. I have no immediate plans for employment

**Bob & Sarah Jane Johnson, Box 532, Davenport, WA 99122  
(509) 725-6785**

Bob and his wife, Sara Jane, live in Davenport. Tradition still runs deep as he continues to be a 3rd generation electrical contractor. Bob and Sara don't have any children, but do have an adorable Boston Bull Terrier named Samson. Bob is an avid sports fan and enjoys football, basketball and baseball. He has a love/hate relationship with the Seahawks. Bob still loves to play golf whenever he can. He hits the ball so hard sometimes he loses the little jewel half the time. Bob belongs to the Davenport Presbyterian Church, Mason's and Scottish Rite. He has his own company, K-Mar Electric and says that's the reason for the grey flecks in his hair. Bob has retained his quick wit, his ready smile and the ability to make people laugh.

**Jodi (Johnson) & Jeff Watkins, S. 4228 Darcy Drive, Spokane, WA 99206  
(509) 926-5955**

It's good to be home again and running into acquaintances. Our family has been living in Spokane for almost 6 years now where Jeff owns Bemis Veterinary Clinic in the valley. I am dividing my time between kids' activities, several volunteer organizations with involvement, plus being a bookkeeper for Jeff's clinic and sometimes keeping an organized household. I keep telling myself, amid overcommitment (like everyone else) that next year I'll say NO! Our family is the picture of my own experience growing up, skiing in the winter and going to the lake in the summer. Jeff and I took a trip to Fiji and we've taken the kids on winter ski vacations. I am logging miles on my mountain bike, not just in tees shoes anymore. I never did like jogging. I enjoy artsy, crafty projects, sewing, and have a library of books I'd like to find time to read.

**Ward Johnson, 1013 - 8th # 2, Spokane, WA 99204  
(509) 624-8662**

(509) 922-1070**

**Chuck & Cindy Jones, 2771 S. Lansing Way, Aurora, CO 80014  
(303) 695-7966**

I have been married to Cindy for 16 years. We have careers rather than children. I work for SYSCO, a national food service company. In addition, I own my own small business, Epicurean Concepts, a consulting company. Work, local political activity, and membership in MENSA seems to take all of my time. Wish I could be there, but summer is my busiest time.

**Dan & Julie Jones, 2409 E. - 61st, Spokane, WA 99203  
(509) 448-0434**

I used to think of 20 year reunions as something in the far distant future, and of the people that were going as being quite old. Now that my time has come I can say without a doubt that 20 years is not that long of time and I'm definitely not feeling that old. Many great things have happened to me these past years, but my memories of our high school days remain among the fondest. I've been lucky enough to remain in the Spokane area and still see many of the good friends I made in high school. A brief history...Not long after graduating from Eastern Washington in 1972, I began my career with Procter & Gamble and have been this area's sales manager for the past ten years. I got married in 1973 and my wife Julie and I have two children, Randy 12 and Molly 10. Both of our kids do very well in school and are involved in several sports. For now, soccer is our primary sport as between the kids, mom and dad, we play as many as four games a weekend in the Spring and Fall. We spend our winters skiings as both of our kids ski race. In the summer you can find us at Coeur d' Alene Lake at our cabin in Rockford Bay, a great place to just "kick back" (60's phrase, isn't it?). Some things never change.

**Rayna (Keezer) & Lee Reynolds, E. 1613 - 15th, Spokane, WA 99203 (509) 534-0228**

The year I graduated I went to England and Wales and met my grand parents, some aunts, uncles and cousins for the first time. When I came back to Spokane I started beauty school, later graduated and started work. I've traveled a great deal and have been to Karlsruhe, Germany, Florida and Disney World, Oklahoma, Ohio, Illinois (Chicago) Virginia and West Virginia, Oregon, Idaho and Montana. I have seen a lot of suffering in the different states I've been. I found out three years ago that I had Multiple Sclerosis and am now unable to work, but I do crochet and try to do some things with my hands, which is sometimes very difficult, but I'm not going to give up

**Janice Kelly, E. 1304 - 32nd, Spokane, WA 99203**

**Dan & Paula Kelly, 10919 E. - 27th, Spokane, WA 99206 (509) 922-9692**

I am an independent insurance agent with the Blasingame Agency in Spokane and am also a firefighter for the City of Spokane. My wife Paula and I have been married for 17 years. We have two daughters, Kimberley 3 -1/2 and Lisa, 6 months.

**Kathy Kendall, 3320 S, Ammons St. # 203, Lakewood, CO 80227**

**Mary (Kessler) & Dennis Kittelson, Rt. 2, Box 206, Pullman, WA 99163 (509) 564-6941**

**Dennis:** We've been happily married for 17 years and have three great kids, a daughter Maria 14 and two boys, Dennis (J.R.) 10 and Darrin, 7. We have been living and farming in the same place for the last 10 years. I enjoy farming, even if it is just one step above being unemployed. Farming does give me free time which I enjoy spending with my kids. I help out at school and with Cub Scouts as a Den Leader. Mary volunteers my help for various things from making life size robots for school carnivals to moving tables and chairs for Vacation Bible school. My greatest love is working with computers. I can spend more time and money having fun.

**Mary:** Dennis and I still enjoy the best

things in life together. It seems like we have never had a life apart. I guess knowing each other since second grade gives you that feeling. We are very proud of our children. They have really made our life fun and work. Dennis and I are very busy with our children's school life. Living in a college town does that to you. PTA and church take a great amount of time. I still work full time as a dental hygienist and really love the work. I have worked for the same dentist for eight years and will probably be there forever. Workn full time has its drawbacks, but Dennis is home a great deal of time. He is a great dad and is training the kids to be compulsive house cleaners. What an act to follow.

**Nancy (Kirishian) & Roger Bartoo, 3312 Winterhaven Dr., LaVerne, CA 91750 (714) 593-6379**

**Gail (Kirk) & Kirk Dickson, 12510 E. Saltese, Spokane, WA 99216 (509) 928-7592**

I was divorced 8 years ago and remarried 6 years ago to Kirk Dickson. I have one daughter, Veronica 17, who will be a senior this fall at Central Valley. I've been self-employed as a beautician for 16 years. My hobbies are bowling (184 avg.), dog obedience training (we have Border Collies and a Sheltie), golf and gardening.

**Penny (Kliwer) & Ken Mosher, 13137 W. Arkansas, Lakewood, CO 80228**

**Iris (Klobusicky) Momber, Romer Str. 31 II Stock, 8000 Munich 40, West Germany (011) 49-89-348757**

The past twenty years my incurable fascination for all things European have taken me a lot further away from Spokane and the Inland Empire than I now care to admit or am comfortable with. The first steps were small and hesitant. They led me to Whitman College in Walla Walla where I majored in French and just couldn't resist the temptation to go on a Junior Year Abroad program in Strassbourg, France. During that year I met a "nice German boy" skiing in the Austrian Alps, which all-in-all proved to be quite fateful. I returned to the U.S. just long enough to get my degree from Whitman and a Master's Degree from the University of Rochester and then head straight back to Europe - this time Germany.

Those were the early '70's, years I spent getting to know Germany, life, language, etc. At different times I taught school, worked for computer companies and independently as a translator. I had meanwhile moved to Munich. Life was full of travel. Neither Italy, Austria, Switzerland, nor France were very far and the Greek Islands and Turkey were only a little further. We always found a good excuse to meet my family in some far off place. The skiing, mountain climbing and recreation in general were wonderful in this area.

At some point in the early '80's, "Mr. Nice German Boy" and I parted ways and I found myself reaching in a direction that I had

nearly abandoned since childhood - music. My violin had become important to me. It opened up a new world of experiences and exotic people. Some of the most memorable experiences were trips to Southeast Asia and China with a concert violinist friend of mine, chamber music seminars at the foot of the Alps, or playing in old Italian cathedrals. It had even been my serious intention at the ripe age of 30 to become a professional violinist - until I discovered what terribly hard, unceasing work it was and that I didn't feel much like quitting skiing, hiking, biking or going to rock concerts in the name of classical music. I then began reconciling myself with the prospect of pursuing a somewhat less hare-brained illusion, took a job as a translator with a good solid company (Munich Reinsurance Co.) and bit by bit began to find out there is plenty to be said for living in the mainstream. My small odyssey has meanwhile taken me pretty far away from Spokane and, barring some unforeseen events, I will most likely be staying where I've been for well over a decade now, although, as I think is the case with any of us who have wandered too far away, I do sometimes miss the home I grew up in very much.

**Ralph Kollarsky, 5321 Belfern Dr., Bellingham, WA 98226**

**Andrew Koss, 339 W. Burlwood Lane, Lemoore, CA 93245 (209) 924-9003**

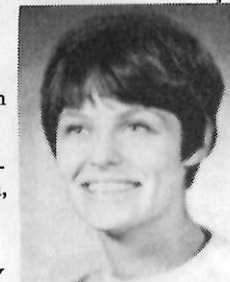

**Nancy (Krakenberg) & Tom Flanary, S. 4507 Pierce Ct., Spokane, WA 99206 (509) 928-6836**

We have had an eventful 20 years. Tom Flanary and I have been married for 17 of those 20 years and life has never been dull.

We are very proud parents of a nine year old son, Zachary Thomas. We also are proud parents of five Labrador retrievers - soon to be seven -, one Russian Blue cat and one gorgeous cockateil bird. We are very involved in the dog world with AKC Dog Shows, Field Trialing, Obedience Competition, Tracking and everything else

that involves our canine family. Since 1971 we have lived in Seattle, Caspar, WY and Boise. In 1984 we moved back to Spokane, opened our retail store in the valley and are very thankful since it's right up the alley with our canine friends.

**Ken & Candy (Safranek) Krebs, 3263 S.W. Cascade Terrace, Portland, OR 97201 (503) 224-6114**

**Ken:** Upon graduation I attended Washington State University with my high school sweetheart. We were married our senior year and will soon be celebrating our 16th anniversary. Who would have guessed that such a free spirit could turn into such a great wife, mother and career professional. Of course

I'm talking about Candy (Safranek). Out of college we moved to Portland, which remains our home. I accepted an accounting position with Hyster Co. and worked with them for two years until joining an organization by the name of Rader Companies, Inc. I worked there 11 and a half years in various positions that included division controller, corporate controller and director of purchasing. Just last November I realized my life-long ambition to own my own company. It is a manufacturing company, Metco Mfg. Inc., that sells replacement parts to the wood products industry. For the first seven years of our marriage we were both busy with work, but more importantly, hobbies. We did a lot of white water rafting, camping, snow skiing, mountain climbing and traveling. I also enjoy running. We now have two children that are just 11 months apart. Don't believe the old wives tale that says you can't get pregnant if you are breast feeding. Our Jennifer, 8, and Kasey, 7, are now the center of our lives. They keep us very busy with their activities, but we've found it to be an excellent way to meet exciting

people. My hobbies include white water kyaking, bicycling, running and motorcycle road racing. As a family we snow ski and spend summer hours in our ski boat and on camping trips.

**Candy:** I graduated from WSU with a BA Degree in Interior Design. I married Ken Krebs - the booby prize at a fraternity raffle - in August 1972 and we are maxed out with two children. I switched careers in 1977 when I opened my own court reporting business and have been recording the falacies of the justice system ever since. Fun

things I like to do when ever I get the chance include: ballet, snow skiing, water skiing and whitewater rafting.

**Robert & Vicki Krum, N. 111 McMillan, Greenacres, WA 99016 (509) 928-6736**

My God, where the hell did 20 years go!!! After graduation I went to SCC for one semester and took Law Enforcement. It took only about 2 to 3 months to figure out that the two lifestyles would not meet with rythm or harmony. I then worked for a few different places and dated Vicki. May 16, 1970 we were married and settled down. So much for the swinging single life.. In November, Randy was born and in November of 1972 Shani came into our lives. In 1975 I started driving truck for Joe K. Staley. I drove for several other companies until 1976 when I went to work for Coeur d'Alene Steel, covering most of Washington, Oregon, Idaho, Utah and Montana. In 1975 we bought our first home, in Greenacres, where we still live. July of 1983 saw me say hello to Olympic Foods, Inc. where I am currently employed. I run to Salt Lake City once a week, and sometimes to Seattle. Randy is now in his senior year at Central Valley and is looking forward to attending the U of W. Shani is a sophomore at CV. Their full schedule keeps us busier than ever. Life in general has been really great for us. We spend most of our time at the lake in the summer, with fishing, hunting and snow skiing following in the winter. I hope your 20 years has been as enjoyable as mine.

**Carolyn (Lambert) Marx, E. 1711 - 60th, Spokane, WA 99223 (509) 448-8637**

After four years of college - two at the University of Puget Sound and two at Western Washington University in Bellingham - I graduated to the working world. I got married and taught First Grade in Anacortes, WA for three years before taking time off from full-time work to have a family. When my ex-husband got out of the Navy, we moved back to Spokane where I have lived for the past 10 years. I returned to full-time work in my family's business (H.E. Lambert Wholesale Candy). I am currently divorced and raising two children and working for the Spokane County Noxious Weed Control Board. I am in charge of all office operations and have had to learn about many aspects of agriculture - which was really a foreign language to me three years ago. My son Bill is 11 and daughter Kristen is 8. I'm active in all of their activities, scouting, campfire, sports, etc. and am busy all the time and very happy in this world that 20 years ago seemed both frightening and exciting.

**Marti (Lothspeich) & Dave Fulfs, Rt. 2, Box 104, Pullman, WA 99163 (509) 332-6485**

I manage the advertising and display department at WSU's Bookstore. I live on a 3rd generation family farm with my husband, Dave, who raises wheat barley and dry peas. Son Travis is a junior in high school. Over the years we've enjoyed community organizations, working on the Palouse Empire Fair, Hawaii, antique auctions, boating, raquetball, softball, basketball, hunting, fishing, camping, skiing, horses, show steers and the farm animals. I've done free-lance graphic design, interior design and display windows, also some spinning, weaving, quilting and photography. The last few years I've taken a "fun" trip to Arizona or California each year, gone to Montana several times a year, enjoyed the horses (pleasure riding, pack trips, arena roping) and try to find time for water color painting.

**Sherree Lowe, W. 2624 Walton, Spokane, WA 99205 (509) 328-2909**

**Steve & Mary Luby, S. 5520 Madelia, Spokane, WA 99223 (509) 448-0114**

Well, it has been 20 years. I am still married, fourteen years to the same gal, Mary. We have 2 kids, Marc, 12 and Robin, 8. I am still in the funeral business, but now working the last 8 years at the 4 local cemetaires with Greenwood / Riverside as my office. I deal with arrangements for families who need our services and pre-planning for the future. Most of our leisure time is spent at Priest Lake home with all the fun stuff in the summer and a lot of snowmobiling in the winter. When we can we head for Hawaii.

**Shirley (Mayberry) & Fred Loucks, 4421 - 150th St. S.W., Lynnwood, WA 98037 (206) 745-5158**

After graduating from SFCC in 1970 with a Secretary/Business Degree, I was married and moved to White Salmon, WA for the summer and then to Bothell, WA. I worked as an executive secretary for the Vice President of the Municipal Bond Financial Consulting firm of Marshall and Meyer in Seattle. After three years I realized I hated sitting behind a desk so I was thrilled to become pregnant and really excited when my husband received his first transfer to Boise. After four years he was transferred to Nampa, ID. I was kept on my feet with two sons and a daycare business in my home and in local churches. We were blown off our feet when we moved to Casper, Wyoming. It was like living in a blast furnace in the summer and a freezer in the winter. We asked to be moved back home to Washington in 1979. We lived in Seattle only long enough to find our present home in Lynnwood, WA. My husband works in the Renton K-Mart as Sports/Auto Manager (16 years). I am Sports/Auto Merchandiser (7 years) in the Edmonds K-Mart. I really like this job. I never have to sit down, and Fred and I have a lot in common, like who had the best and worst customer of the day. Our play time is also sports/auto. We take our 22' boat fishing on Puget Sound for salmon and bottom fish. If the water is too rough we head for the mountains in our 4X4 truck. We are very

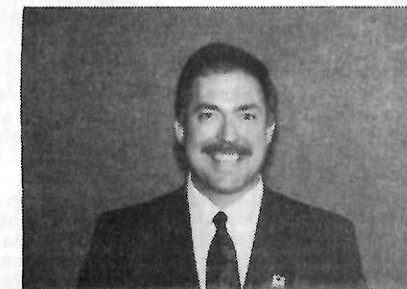

happy and lucky too. Our sons, Brandon, 15, and Justin, 11, like to listen to 60's music and are nice to be around. Don't you feel unique sometimes, graduating in such a romantized period!

**Sandi (McClanahan) & Joe Pass, E. 1708 - 39th, Spokane, WA 99203 (509) 624-6921**

After school I married Bill Stallcop. We had two wonderful children, Shannon, who just turned 20 and made me a grandmother two years ago with beautiful Vanessa. Shannon is starting her second year at SCC. David, 18, is starting WSU this year. I was married 15 years, single for four and have been remarried the past two years. I married Joe Pass and now also have a nine year-old son, Tony. Joe is a trooper with the Washington State Patrol. Since high school I have worked mostly as a pharmacy technician. I spent a few super years as an EMT with a local ambulance company until my odd hours, coupled with Joe's odd hours, forced me to change my occupation and go back to the pharmacy three years ago. But thanks to Janet Creasman King, I was able to leave the pharmacy and work in a surgical office. I have wonderful dreams and plans for the future.

**Joyce (McCluskey) Morehead, E. 1412 - 36th, Spokane, WA 99203**

**Cynthia (McLaughlin) Langdale, N. 9107 Stevens, Spokane, WA 99210 \***

**Randy & Frankie Meaders, 2510 W. Opal, Pasco, WA 99301 (509) 547-2542**

I have been employed at the Hanford Nuclear Reservation since 1976. My field is security and I am currently a lieutenant in charge of a computerized detection system. My employer was Rockwell International for 10 years, but it is now Westinghouse. Off the job I'm a member of the Pasco-Kennewick Moose Lodge ritual team. Myself and the other five members of the team went to Chicago in May 1988 to compete in national competition. My wife, Frankie, and I have been married 14 years and have two daughters, Veronica and Victoria. Oh, by the way, even though I've been at Hanford for so long, I don't glow in the dark, however, some people say that on a pitch black night you can see a faint aurora borealis above my head. Hope to see all the good looking ladies, such as Shelby Gates, who was the unobtainable object of many a young man's fantasies.

**Robert Merck, River House, 44 Newtown Turnpike, Weston, CT 06883 (203) 846-8113**

In 1968 I moved to Seattle and joined Phi Gamma Delta fraternity. I received my BA at the University of Washington in 1972, at which time I moved to Portland, OR to attend law school at Lewis & Clark and join the Oregon State Bar Association. I became a member of the Legal Department of Standard Insurance Company in Portland in 1975. three years later I left Standard as assistant general counsel and have been Secretary and General Counsel of Mercedes-Benz Credit Corporation since then. Mercedes-Benz Credit finances and leases Mercedes-Benz cars and trucks throughout the United States and Canada and has corporate headquarters in Norwalk, Connecticut. I live in Weston, CN, a small country town of 7,500 people, yet I'm just 45 minutes from New York City. My house is a converted mill constructed in 1734, complete with a waterfall. The fishing is great! I have unintentionally become a

novice home renovator, and find it to be challenging and rewarding. Although I never imagined leaving the northwest, New England has proven to be a great place to live.

**Blain Metting, 5109 W. Livingston, Pasco, WA 99301**

**David Meyersberg, E. 1619 Thurston, Spokane, WA 99203 (509) 747-6924**

After graduating from Ferris, I received a BA degree from the University of Washington School of Business. Not having any idea what to do with my degree, I went to work in kitchens as a cook. To get a good background about foods, I went to one of the top cooking schools in the country - The Culinary Institute of America. The last 12 years I have managed to work under some top people. Chef Wolfgang Greutzmacher (Germany) has as his highlights, working on the luxury liner Bremen. Chef Dietmar Jaeger, also from Germany, received a gold medal in 1972 in the Culinary Olympics in Frankfurt. Chef Elliott of the USA worked under Chef Mathiew at the Davenport Hotel when it was *world famous*. I've worked at Jonah and the Whale and the Snoqualmie Falls Lodge. Some of the dignitaries we have served include the Prince and Princess of Japan, David Steinbrenner and Lilly Tomlin. After returning to Spokane and being stymied in the cooking profession, my present goal is to change professions. I have attended Eastern Washington University with sights set on a computer-related degree. I still play trombone and have always wanted to play the trumpet. I do both by ear. I do some electrical repair work and also work with my mom in her antique business. At one point in life I had a chance to try out for the Ice Capades as a back-up skater. I still have my skates, but having no one to go with I let it slide. I am interested in automotive repair and once in a while like to use my 10 speed bike.

**Debbie (Meyersberg) & Gary Greene, 1700 S. Kellogg, Kennewick, WA 99337 (509) 735-1149**

I was married in August 1972 to Gary Greene a 1969 Ferris grad. I graduated from the U of W with a B.S. in Math Education and have been a secondary school math teacher. We have three children, Joshua, Rachel and Chana. We once lived in Scotland for two and a half years and loved it.

**Keith Mikelson, E. 2108 Boone, Spokane, WA 99202 (509) 535-0498**

**Mark Mikelson, E. 918 Glass, Spokane, WA 99207 (509) 489-7333**

**Wendy (Mills) Darden, 5616 S.W. Tara Court, Portland, OR 97221 (503) 244-4710**

**Robert Mincks, W. 1503 Augusta, Spokane, WA 99205 (509) 325-4195**

**Judy (Mohler) & John Wilcox, 2751 Pinecrest Lks. Blvd., Jensen Beach, FL 34957 (407) 334-2907**

Well, where did the 20 years go! In 1972 I graduated from Eastern and after graduation I got married to Jack Wilcox from Oradell, N.J. We moved to Wichita, KS for 6 months, then on to Thailand for 6 months, and then back to New Jersey for 12 years. During that time we had the pleasure of raising two children. Heather is now 11 and Ryan, 7. I worked for Mattel Toys for 11 years as a product planner. It was a wonderful job until they relocated to Mexico. Jack had his own business in New Jersey which we relocated to Jensen Beach, FL. We've been in Florida for 2 years now and absolutely love it. I am currently working as a buyer at Martin Memorial Hospital. We miss the Pacific Northwest and hope to someday retire there for a couple of months a year, but for right now nothing beats sunny Florida.

**Kathy Molnar, E. 10922 - 15th, Spokane, WA 99206**

**Lorene (Moon) & Richard Olsen, S. 1213 Bettman, Spokane, WA 99212 (534-3861)**

**Rhonda (Mooney) Bennett, 2539 Conger Ct. N.W., Olympia, WA 98502 (206) 357-3562**

**Cdr. Thomas & Kathleen Moore, VF - 124 NAS Miramar San Diego, CA 92145, (619) 747-6868**

Tom Moore graduated with honors from Eastern Washington University in February 1973 and attended the naval aviation officer candidate school and was designated a navy aviator in April 1975. He was then assigned to Patrol Squadron Six in November 1975 after completing his initial P-3 Orion training at Moffett Field near San Jose. After being transferred to Training Squadron 23 in December 1978 as an instructor pilot, he was selected for Warfare A Specialty Change in October 1980 and reassigned to Fighter Squadron 124 as a replacement pilot in the F-14A Tomcat. After completion of initial training he was reassigned to fighter squadron 213 from June 1982 to September 1986, completing three more cruises on the USS Enterprise. He's presently assigned to fighter squadron 124 as the operations officer and will have been assigned the position of executive officer in October 1988. Commander Moore has logged over 4700 flight hours, including 2000 in the F-14 and 500 carrier landings. His awards include the Navy

Commendation Medal, the Navy Achievement Medal, the Navy Unit Commendation, the Navy Expeditionary Medal and the Humanitarian Service Medal. Commander Moore is married to the former Kathleen Leslie Coleman of Atlanta and they reside in San Diego with their son, Tommy Jr.

**Vicki (Morgan) Otterness, E. 1822 - 18th, Spokane, WA 99203 (509) 535-4836**

**Paul & Maureen Ann Morlock, 5729 - 66th Ave. N.E., Marysville, WA 98270 (206) 659-1491**

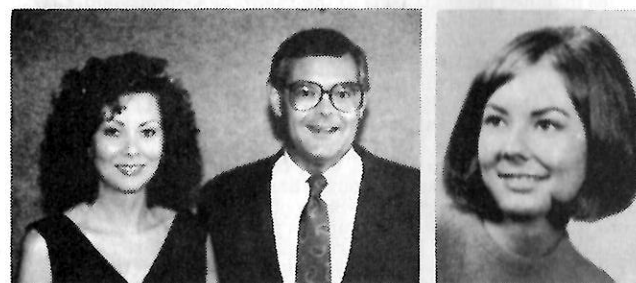

I'm still alive and kicking. We have recently relocated to the Puget Sound area and I am working as a tooler for Bayliner in Arlington, WA. I am married, have two daughters, ages 14 and 7, and am romantically involved with my first wife. Could middle age be far off???

**Michael Morrow, P.O. Box 318, Wallace, ID 83873 \***

**Wilma (Morton) Calhoon, 984 E. 10th, Colville, WA 99114 \***

**Stephen Moss, E. 2428 - 6th, Spokane, WA 99202 (509) 535-4809**

**Linda (Mueller) Pierce, N. 303 Napa # 2, Spokane, WA 99207 \* (509) 483-4100**

**Marilyn (Mueller) & Robert Patterson, 706 Pullen Lake Road, Aberdeen, MS 39730 (601) 369-7190**

I have been married to Robert Patterson Jr. for 10 years. We have no children and make our home in Aberdeen, Mississippi, my husband's home town. We are both independent Petroleum Landmen, also known as oil and gas brokers. We have both been working in this business for 10 years. Our work has taken us through-out Mississippi, Alabama and most recently Michigan.

**Robin Mullin & Art Rudd, W. 1604 Fairway, Spokane, WA 99218 (509) 466-1977**

After graduation I attended EWU for 2 years, starting out in nursing. As a summer job I began working as a dental assistant and enjoyed it enough to continue on that track. While working I went to night school for 2 years and completed my certification and boards. To make a long story short, I met my husband, Art, while working for him. We have been married for 17 years. We live in north Spokane and have three children, Kelly, 14, Loren, 10 and Marissal, 6. Since having children I have worked mostly at home and I am looking forward to working part time again when my youngest enters school. Our spare time is spent skiing and involved in our kids' sports activities.

**David Mummey, 4616 - 45th Ave. S., Seattle, WA**

**Katherine (Munson) Schmidt, E. 3129 - 34th, Spokane, WA 99223**

**Cliff Murray, E. 3327 Congress, Spokane, WA 99223 (509) 535-8561**

**Gregory Murray, N. 3828 Washington, Spokane, WA 99205 \* (509) 325-2357**

**Wayne & Christine Myers, S. 5515 Madelia, Spokane, WA 99223 (509) 448-6751**

After school at Ferris I went into the military and spent 3 years with the Marines. I was stationed in California and Vietnam. I came back to Spokane after being discharged, worked odd jobs before going back to school on the GI Bill and then got a degree in Business. I was interested in real estate so I bought homes, fixed them up and sold them. This led me to becoming a general contractor and now I do remodeling and new construction. I really enjoy my work, even though Spokane has been in a depressed economy for several years, I still enjoy living here because of the outdoors, hunting, fishing and golf. Spokane has a slower pace of life which I enjoy.

**Margaret Myhre & Michael Sierra, 901 Sycamore, Modesto, CA 95350 (209) 524-6204**

After graduating from Ferris, I attended the University of Puget Sound for one year before transferring to Ft. Wright College where I received my BA in English. I received an MA in English from Mills College in Oakland, CA in 1974 and did my thesis on Gertrude Stein. For nearly 10 years I lived in Berkeley, CA where I began working with deaf people. For five years I worked as a sign language interpreter in community college classes. During this period I also attended the U of California where I received a masters degree in Library Science in 1979. Since 1980, I have been Deaf Services Librarian at the San Francisco Public Library. I am responsible for a unique collection of books, periodicals, manuscripts and video tapes on deaf culture and American sign language. In 1982, funded by a grant from the National Endowment for the Humanities, I was involved in the production of a four-part video series, "American Culture: The Deaf Perspective." This led to work as a sign language instructor at San Joaquin Delta College in Stockton, CA, and as a bibliographer for the National Information Center on Deafness at Gallaudet University in Washington, DC. In 1983 I married fellow-librarian David Sierra and moved to Modesto, CA where Michael works at the Stanislaus County Library. I kept my job in San Francisco. I commute nearly 200 miles a day. 13 other commuters and I lease a van and share driving expenses. I leave my home at 5:15 am and am usually home by 7 pm. In July I cut my work schedule to three days so I can spend more time with our son, Andrew Reed Sierra, who turned 3 in September. Michael has two children by a previous marriage, Katie, 9, and David, 11. They visit us once or twice a month and will be making their first trip to Spokane with us this summer.

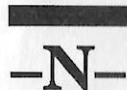

**William Myhre, 3631 Van Ness St. N.W., Washington, DC 20008 (202) 966-4547**

Upon graduating from Stanford in 1972 with a BA in history, I decided to spend some time on the East Coast and entered the University of Pennsylvania in a joint degree program in law and city planning in the fall of that year. After four years in Philadelphia, I took the Washington State Bar exam with plans to return to the Pacific Northwest upon completing a one year's clerkship in Washington, DC. Having interviewed with Pacific Northwest law firms, I accepted an offer from Preston, Thorngrimson, Ellis & Holman in their Washington, DC office. Although planning to stay for only two or three years, I'm now in my 12th year in DC. In 1984 I became a partner in the firm and subsequently served as managing partner in the DC office.

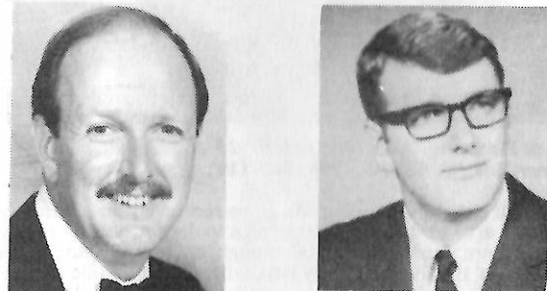

Our firm's practice in Washington, DC involves a variety of public policy issues and includes client representations before Congress, various administrative agencies and federal courts. We represent the City of Spokane in certain matters. My primary practice area is in maritime law, where I have worked on projects ranging from efforts to return the passenger liner SS United States to

cruise service, to rebuilding vessels overseas, to representing a US/Soviet joint fishing venture. Most of my time is spent working on behalf of various segments of the US fishing industry in the Pacific Northwest and Alaska. In addition to Seattle and DC, our firm has offices in Anchorage, Portland and Spokane, which brings me back home several times a year.

**John Nickerson, E. 1224 Columbia, Spokane, WA 99207 \*  
Christine (Nihart) & Mark Dafoe, 122 - 2nd S.W., Pacific, WA 98047 \*  
(206) 939-1814**

**Patti Nishimura, E. 11203 - 17th, Spokane, WA 99206**

**Roy & Linda Nourse, 5 Woodleaf Ave., Redwood City, CA 94061 (415) 363-8282**

I graduated from Ferris and later attended and graduated from the University of Washington where I received a BA degree in Urban Planning. From 1972 to 1974 I was assistant planner for the City of Phoenix and wrote the 1990 Park and Recreation Plan. I moved on to become an assistant planner for the City of Roseville, CA and was hired to write their park and recreation plan, but funding ran out before the plan went to press. I was hired as an Associate Planner for the City of Pacifica, CA. My primary responsibilities included presentations to the Planning Commission, City Council, applications for Federal Housing monies and writing the 1990 Seismic Safety Report. In 1975 I met my wife, Linda Finley and we were married in 1976. I worked as an independent planning consultant for the County of San Mateo. Linda and I opened the first Crabtree & Evelyn Franchise store in the U.S., and still own and run that business at the Stanford Shopping Center in Palo Alto. Linda was a representative for that company and also ran the store. I went to work for the Burroughs Corp., working in their large accounts branch. This was an entry level position. I was assigned the Bank of California (BANKCAL) account. I wrote proposals for document processing in the Visa/Mastercard Department. I left Burroughs in 1981 to care for our first child, Brian, and have continued as a Houseperson to the present. We now have four children, Brian 8, Erin 7, Jason 5 and Kevin two and a half. My wife works for Crabtree & Evelyn, Ltd. as a Sales Manager for N. California, Nevada and Hawaii. She has worked for the company for 15 years and travels extensively. I plan to open my own business, probably a computer franchise, as soon as the kids are all in full day school. Along with her major job, Linda still runs our Crabtree store. We will remodel in January and reopen for another 10 year lease term.

**Lynn Nygard, 1789 Springhill Rd., Petaluma, CA 94952**

**Michael & Amy Kae Jasman-O'Brien, 7204 S.E. Madison, Portland, OR 97215 (503) 255-4255**

I departed Ferris for the U of Oregon in 1968 and enjoyed one year playing for the Duck golf team before the pollen of the Willamette Valley rendered me blind and perpetually sneezing. I found my way back home and finished up my university experience at Gonzaga. A back injury during a summer job gave me the opportunity to rehabilitate at my parents beach house in Cape Meares, Oregon. I found myself quite enchanted with Oregon and moved to Portland to seek employment upon my recovery. After a series of non-eventful occupations, I settled upon a business endeavor with two partners. We opened the first "Imports Only" record store on the west coast. Through the good fortune of coin flips, I was able to spend a summer in Europe setting up foreign accounts for our business. I spent most of my time in Amsterdam, London and various locations in Germany. Upon returning I settled into the business of wholesale and retail marketing. This venture took me through three years in a whirlwind and finally, having been hypnotized by the Oregon Coast, I sold my interest to my partners and moved to Cannon Beach, OR. There I spent the next five years splitting time between writing and bartending nights at an ocean-front restaurant. During this time I did a lot of freelance writing for various publications around the northwest and managed to assemble a couple of as-yet unsold novels; one involving the Portland Trailblazers championship and its effect on the lives of four overzealous fans; the other, the misadventures of an unorthodox touring pro golfer. After putting these on the shelf for several years, following a series of rejections, I am currently reworking them and have received some signs of interest and encouragement on my second attempt.

While living in Cannon Beach, during a visit to a friend in Seattle, fate jumped in and I met Amy Kae Jasman, an Odessa, WA native who was working for the Seattle Times. Soon after meeting Amy, we were smitten and she came to Cannon Beach to join me. In August 1981 we were married at Duncan Gardens and began our marriage by settling onto some land just south of Chewelah. Driven out by a series of winter mishaps involving such delights as a frozen well, frozen plumbing and a road that was buried daily by highway plow, we loaded up a wheat truck and headed for Portland (ala Beverly Hillbillies). Taking residence once again on the coast, this time at Cape Meares, we looked for and found jobs in the Rose City. Amy went to work for the Oregonian and I started a career in the cable TV industry. Two years of hard work reaped me the Portland General Sales Manager position for Rogers Cablesystems. However, after hooking up the city, there was little left to do. Given the choice of moving to Philadelphia to do it again, or retire, I chose the latter. A short respite was filled with golf and writing, but soon it was time to get back to work. I was hired by the Oregonian in the sports department where I currently work. My roles have been as Prep Sports Coordinator, correspondent writer, book reviewer and currently, sports photo editor. It is a most enjoyable livelihood and we recently bought an ancient (1896) home atop Mt. Tabor in Southeast Portland. Last year I had two major surgeries, survived both, and feel fortunate and healthy these days. Amy and I breed and raise Schnauzers. I write and play golf and we spend free time at the family house at Cape Meares. We will have celebrated our seventh anniversary and you'll hear no complaints from this camper. We are working on a business idea for the summer of '89 with the state tourism people. It involves bringing in groups of Japanese golfers to Central Oregon for 10-day tours. It appears we'll be in Oregon for a while, but we hope some of you will find us in your travels. Cheers!

**Karl Olsen & Denise Donohoe, 1350 Filbert, Clovis, CA 93612 (209) 299-9382**

**Connie (Olsen) & Ric Tiplady, 2321 Wembly Park Rd., Lake Oswego, OR 97034 (503) 635-6979**

**Lori Olsen, S. 1213 Bettman RD., Spokane, WA 99212 (509) 534-6736**

I am currently a single divorcee' and love every minute of it. I have two children, a boy, Ryan, 11 - a real athlete - and Tanya, 10, who is very artistic. I have a degree in retail management and have worked in my own business, buying and selling at my own discretion. Currently I'm unemployed looking for a job with the government. I'm a home owner and love gardening, having friends over for cocktails and barbecues. My goals are to be successful in my job, do a little traveling, loving the outdoors and having a good time to age 99.

**Valentine (Olson) & John McAllister, 4014 W. Danbury Dr., Glendale, AZ 85308 (602) 978-0904**

After graduation I took a job in Minnesota where I dated my husband. We were married in Spokane in 1970 and because John was in the Air Force, we moved to Mississippi. Later that year we were transferred to South Dakota where we enjoyed motorcycle touring in the Black Hills. In 1972 John was sent to Thailand for what we assumed would be a year's separation. But when he arrived he found dependents living on the local economy. So when the Rapid City Flood changed my plans, he suggested I join him. I'm forever grateful to have been able to share that time, his feelings and memories. It was an interesting, yet lonely time; the U.S. was so far away. Unfortunately, visa problems necessitated that I leave after only 2 and 1/2 months. I returned to Spokane to complete the year. After discharge in 1973 John and I moved to Phoenix. We have been blessed with three children - Jacque, 13, Chad, 12 and Scott, 10 - a dog and a mortgage. John has worked with Sperry Flight Systems and now Honeywell for 15 years. I stayed home until 1984, then went to work for Kelly Services. I presently

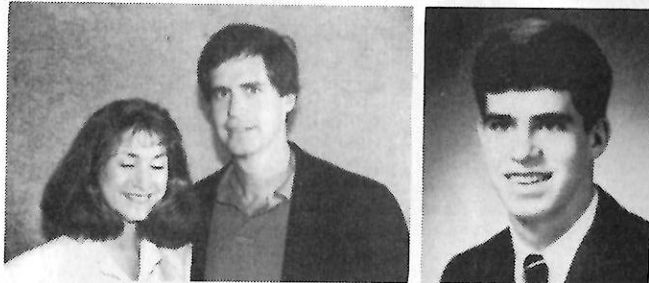

work for a geothermal company, but will return to the home front this summer. We have been fortunate to travel across much of the U.S., including a trip to Hawaii in 1982. To our surprise, we had a greater thrill than we planned when Hurricane Eva made her debut. Excitement and happiness have intermingled with struggle and sorrow, making my life one of growth and quite satisfying. I thank God for his care these last 20 years. Without him I wouldn't be what I am today.

**John Owen, E. 14404 Rich, Spokane, WA 99216**

**Stan & Stephanie Parrish, S. 6505 Madelia, Spokane, WA 99223**  
(509) 448-3529

I graduated from WSU in 1972. While at Pullman I met my wife, Stephanie. Upon graduating we moved to Portland for ten years. Our daughter, Kristen (10) and Justin (8) were born in the Portland area. While living there I was employed as a branch administrator for Western Saving. In 1983 we moved back home to Spokane where I helped open the newly organized Sterling Savings. I am presently employed there as a senior vice-president and branch administrator. My community activities include being the president for the Spokane Central Lions Club, a trustee and executive committee member for Wampum and a board of director for Big Brothers of Spokane. My interests include running, fishing, hunting, snow skiing and family activities.

**David & Diane Paulson, 3712 S. Gandy, Spokane, WA 99203**  
(509) 624-7260

After JEF I went to Pacific Lutheran University in Tacoma for all four years. Activities included choir and classes for Philosophy and Religion majors, interspersed with various events of a social nature. In my junior year I became engaged to Diane Schaefer, a nursing student. We married in February 1972. After graduation we moved to St. Paul, MN where I attended Lutheran Theological Seminary. 1972-76 was spent with Diane working and paying the bills, and me buying books and reading a lot. We lived in San Luis Obispo in 1974-75, and finished my brief 20 years of school in 1976. Right after graduation from seminary school, we took a posi-

tion in our church's mission work in Papua, New Guinea. During our 11 years of service there, we produced Kristen (1977), Hans (1978) and Kari (1981). Other productions included an English worship book and six song books for the church. We served in two locations: Kainantu until 1982 and in an English congregation in Goroka, both in the eastern highlands province of the country. My principal work there most recently has been to develop worship materials. Last year I took a study leave to finish an MA degree at St. John's University in Minnesota. We are now returning to Spokane, having resigned from overseas service and will seek a congregation somewhere in the western US.

**Larry & Marsha Plager, E. 3511 - 31st, Spokane, WA 99223**  
(509) 534-5008

After graduation I joined the Marines and was sent to Vietnam for all of 1969. By the time I left I was squad leader in an infantry platoon. Upon returning to the states, I trained recruits on the rifle range at Camp Pendleton, CA. I attended EWSC from 1970 to 1972 and married Marsha Davis (class of '69) in 1971. We have 3 sons, ages 9, 11 and 15. In 1972 I joined the Coast Guard and worked in Seattle and the Puget Sound area. The last eight years I have been working as a cardiovascular tech at Sacred Heart.

**Commander James & Barb Powell, 2438 W. Williams Rd., Oak Harbor, WA 98277**  
(206) 675-0275

I graduated from EWU in June 1972 and was commissioned in July 1973 following flight training in Pensacola, FL. After that I was stationed at Glyco, GA as a Naval Flight Officer. Next came training as a EA-6B Electronic Countermeasures officer in July 1974 and to my first operational squadron in November 1974. Following two deployments with the "Garudas" aboard the USS Forrestal and USS Enterprise in the Mediterranean, Indian and Western Pacific I reported for duty as an instructor in the EA-6B's. After an assignment as Electronics Warfare Tactics Officer, I was stationed on the USS Midway in Yokosuka, Japan. I attended the Navy's post graduate school in July 1982 and was awarded a Masters degree in Electronic Warfare Systems Engineering and completed work on the EA-68 Communications Jammer. In July 1985 I was on to duty in my second assignment as a department head as Administrative Officer, Maintenance Officer and Electronics Warfare Officer. I am currently based at Whidbey Island Naval Air Station on Puget Sound, but due to an accident aboard the Enterprise in 1986, I am unable to continue flying and will report to the Naval Postgraduate school as a Professor of Electrical Engineering and a PhD candidate. I am married and my wife, Barbara, and I have three sons, Will, Matt and Michael.

I have been teaching school in Coeur d'Alene since graduating from EWU. I continue to love the enthusiasm for learning that these young ones demonstrate each day. My interests of downhill skiing, softball, swimming, fast walking, cooking and being outdoors, are easily met in CDA. The Boardwalk, Tubbs Hill, the CDA Resort and Sanders Beach have given me many hours of enjoyment. California is my ideal summer vacation spot. Warm, sunny days, sandy beaches, Dodger baseball, Tommy Lasorda's Restaurant (the best pasta anywhere), Space Mountain, NBC Tours, TV show tapings, water slides, magic mountain, Mt. Shasta, Hollywood...What fun! After enjoying all the activities that California has to offer, it is fun to return to CDA, for a slower pace and another year of teaching and winter on the surrounding slopes.

(503) 538-6918

Okay, maybe 1968 is twenty years ago, but are we really old?? Maybe 'mature, middle-aged,' etc., but not old!! Flower children, hippies, Vietnam and GRADUATION. That was 1968 and it was a great year - the beginning of our independence. For me it included grain harvest in Alberta, Canada and an introduction to my future wife. From 1969-70 I was involved in aircraft mechanics school at SCC. It was very enjoyable and 'right up my alley.' Great hopes for the future. In 1971 I moved to Portland and the fulfillment of a dream with my new job at Columbia Helicopters overhaul shop. The next three years brought occasional trips throughout Oregon and California to service their helicopters. Wedding bells rang in Vernon, BC in 1973 as Judy Howlett and I were married on April 6th. Our first child, Andrea Lynn was born in 1974 and she had red hair like her mom. Hmm...time is flying. She's now 13. Another arrival and another girl in 1974, tiny and black haired Jerene Caroline. A booming economy and a good job brought us to a new home in Newberg, OR where we still reside. In 1982 Michael Bradley was born and we got our boy. Too bad Jerene didn't have some of those curls. Michael has been entertained by his sisters for countless hours. What would we do without them? Later in 1982 came the recession and several jobs including with Evergreen International Airlines, in a machine shop and a stint in the high-tech industry. In 1985 I returned to Dependable Foundry Equipment with promises for the future. Yes, it's been 20 good, busy years. If the next 20 years are this good then we are living in the 'good-old-days.'

I live in Olympia with my husband, Rich, our two sons, Will, 13, and Sam, 12, plus two Labrador Retrievers, Fudge and Annie and assorted sports equipment. Since graduating from the U of W with a degree in Biology in 1971 and the U of Puget Sound with a Masters in Educational Management, I have worked in the Olympia area as an elementary and middle school teacher, district computer coordinator and middle school principal, as well as a research analyst for the Education Committee of the Washington State Senate. Currently I work in the Office of the Superintendent of Public Instruction as coordinator of the Schools For The 21st Century program. Rich works as a recreation planner (fishing piers, boat launches, public access to state tidelands) and property manager for the Department of Fisheries. Most of our free time is spent concentrating on the boy's school and sports activities. I spend any spare (?) time traveling, reading, sewing, knitting and gardening. My goals are to survive my children's adolescence, enjoy my family and friends, insure the success of schools and eventually go back to school myself.

20 years!! Can't be. It seems like only yesterday when I was running thru the halls trying to get to class on time. Now, I remember when my son Rob, who is 19, was doing the running. Time does pass.

A couple of years out of high school, I went to work for a large insurance company and got married. After two years, I went to work for an independent insurance agency and was with them for almost seven years. My husband, Mike, was offered a job in Seattle in 1977 so we sold our house, packed up the car and moved to B othell. We lived there for nine years. Mike opened his own tire shop in Seattle two years after we moved there and I worked for the same agency almost the entire time we were there. Rob graduated from Cascade High in Everett in 1986. Boy, if that wasn't difficult, seeing my son graduate. But what an exciting time in his life. Two years ago we decided to move back "home." Rob was out of school, I was bored with my job, and Mike decided to sell his business. So, once again, we sold the house, packed up the car, and moved back to Spokane. We left a lot of good friends and fond memories, but we also left the heavy traffic, smog, congestions and fast-paced living. It took a while to re-adjust to Spokane, but now that we are here we won't be leaving. I went to work for yet another insurance company - Corkery & Jones - and Mike went to work for Wayne's Valley Service Repair. Rob is planning on going to college after having taken a year off to "play." Seems like we have gone full circle these past 20 years. Let's hope the next 20 will be as interesting.

**Bryan & Diane Sanderson, 4110 N.E. 142nd, Seattle, WA 98125 (206) 363-8796**

Another 10 years since our last reunion. It's hard to believe. A lot has happened to me since the last time we met. I joined the age-old institution of marriage six years ago. My wife Diane is purchasing agent for the Port of Seattle. We are part of a group of urban Americans called DINKS (Double Income No Kids). I am responsible for developing custom telecommunication packages for large business users. Shortly after our last reunion I bought some recreational property near Stevens Pass and have built a cabin we use extensively during the winter for skiing. Diane and I are avid skiers and have taught the sport at Stevens for the past ten years. We also enjoy hiking in the summer from our cabin which offers hundreds of different hikes within minutes of our doorstep. Other activities we enjoy are traveling (we're planning a trip to Europe this winter), dirt bikes, golf, boating and water skiing. Three years ago we bought a new home next to Lake Washington and the Burke Gilman Trail. The view is incredible and I waste hours on the deck watching the boats, water skiers, sea planes and female joggers.

**Judi (Sandstrom) & Bill Eberly, 2840 W. Everett, Spokane, Wa 99208 (509) 328-9398**

What has this woman been up to for 20 years? Let me think. I was married to my high school sweetheart on August 1, 1970 and have been ever since. He is also a Ferris Alum. We have two daughters, Shannon Leigh who is 17 and Shelly Lynette, 15. We live in the Shadle Park area and both girls attend Shadle High. I have worked for Seafirst since 1968. I never did realize my goals of going on to college, but have attained much knowledge over the years from OJT. As of this time I am a note teller in the Commercial Quality Control Center in downtown Spokane. I really do like my job. Bill is a letter carrier for the U.S. Postal Service. We are both involved in the El Katif Shrine. Bill is in the Animal Unit - for which he is very well suited if any of you remember him from high school days. I am involved in Jobs Daughters and our daughter Shelly is Honored Queen of Bethel #3 on the north side. I have been involved in out church choir and have sung in the Living Christmas Tree for two years. Bill is an avid bowler and we all like to travel. We have just invested in a ski boat and plan on spending a lot more time in the surrounding lakes. Reading this back I realize we've had a pretty mediocre life, but a happy one. Hope all the rest of you can say the same.

**Robert & Fran Saraceno, E. 3511 - 22nd, Spokane, WA 99203 (509) 534-4868**

I am married and have two children, Phillip, 9, and John 6. I own Action Auto Sales and Repair and have for 15 years. For hobbies I enjoy snowmobiling, golf and car racing.

**Joy (Satterstrom) Ewell, 1188 Brookside Dr., Eugene, OR 97405**

**Michael & Barb Sauer, 12227 S.E. 276th Place, Kent, WA 98031 (206) 630-5550**

I am married to Barb (Miller - Rogers class of '64) and have been so for 13 years. We've had three children, Amanda, 12, Lyndsay, 10, and Eric, 8. I continue to work for Ryerson Steel as the senior credit analyst. I've been with this company since 1974 and in 1982 transferred to Kent, WA. Our activities revolve around our kids. They're all busy with softball this summer and keep mom and dad going all the time. Between coaching and playing there's not much time for anything else.

**Richard & Nancy Sauer, W. 2508 Houston, Spokane, WA 99208 (509) 325-4790**

**Debbie (Saxton) & Craig Phillips, 684 N. Elm, Colville, WA 99114 (509) 684-2722**

**Barbara & Joe Schell**

I am out of school and married now for 20 years. Joe and I have been busy raising our two daughters (Yvonne & Danielle) who are 19 and 17. I've been working at K-Mart since 1972 and have been personnel manager there for the past nine years. One thing that hasn't changed is my favorite past time - going on exciting, fun-filled vacations.

**Rick & Lynn Schieman, Site 7, Box 108 RRI, Calgary, Alberta T2P 2G4 (406) 530-5583**

I can't believe it's been 20 years since graduation, but it's real! I'm a lot older, a little chubbier (too much beer), have a few more grey hairs and find myself living with my family in Calgary, Alberta, home of the 1988 Winter Olympics. How did I get here? It's a good question. After graduating in '68, I spent the next two years attending college in Washington. My parents decided to move to Vancouver, BC to pursue some business opportunities and I soon followed. I enrolled at a local college in Vancouver where I met Lynn, my wife. I also became good friends with a fellow who owned a commercial fishing boat. I left school and spent the next year fishing off the east coast of Canada - New Brunswick to be precise. We returned to Vancouver at which time I went to work for McDonald's restaurants while attending school. I soon got promoted to store manager and continued to work until 1974. I quit McDonald's and went to work for London Drugs, one of Canada's largest drug store chains. I was promoted to store manager in 1975, operations coordinator in 1978 and manager of the Province of British Columbia in 1979. I had the opportunity in 1986 to open and run the Calgary market. We have since opened four stores and presently hold the top four grand opening records in company history. A couple of small details I forgot to mention! We also have two great boys, Ryan, 10 and Jeff, 7. So if you're ever passing through Calgary on your way to Banff or Lake Louise, Jasper, or just coming up for the Calgary Stampede, please stop by and see us, EH!

**Carol (Schmelzer) & Herb Howe, 1475 Wright Rd. S.E., Tenino, WA 98589 (206) 264-5188**

**Donna (Schmidt) & R. John Hathaway, N. 4318 Walnut, Spokane, WA 99205 (509) 328-5256**

**Randa (Schmidt) & Randy Henry, W. 6860 Clemeston Rd., Coeur d'Alene, ID 83814 (208) 664-2768**

I have been married to Randy Henry (Gonzaga Prep) for nearly 11 years and we have three daughters, Margaret, 9, Jennie & Nell (mirror-image identical twins) 4, and Randall, age 7. I am no longer teaching Art/English but have been able to include painting (watercolors and acrylics) as a priority. We live six miles south of Coeur d'Alene, high up on a bit of acreage and we love the serenity. Summers still find us at our lake place on Henry Point on Hayden Lake. Randy's business, Henry-Griffiths Precision Fit - a custom golf club company - keeps him traveling quite a bit in the winter and I was fortunate enough to join him on the last leg of one trip in Australia last spring. This past April, Nell Garvin (Pat's wife) and I took a much needed 'kid break' to Miami to visit Joan Gisselberg and further north to see Judy (Mohler) Wilcox. Those jaunts were very rejuvenating! Facing the reality of a 20 year reunion seems quite impossible. I certainly don't feel any different. I still have the luxury of summer days at Hayden or at Twin Lakes with Claudia (Haspedis) discussing anything and everything. All conversations are just as vital and therapeutic as ever. I feel like the luckiest person, not the oldest.

**David Schober, 3012 S. Fancher, Rt. 3, Spokane, WA 99203**

**Greg & Debra Schuster, N. 8507 Hill 'N Dale, Spokane, WA 99208 (509) 467-8008**

I didn't go to our graduation in 1968 because I had been kicked out of school on a trumped-up drug charge! I was exonerated! I went on the road with my band, "The Establishment" for the summer. I continued with the band thru 1970 and graduated from Whitworth College in 1972. I didn't go to that graduation either. I took off for Europe thru December 1973. In 1974 and 1975 I worked at the World's Fairs in Spokane and Japan. I now own my own real estate company called Homestead Properties. I specialize in land sales and timber, etc. I married Deborah Wilde who works at KHQ TV. We live on the north side of town. We have a 4-1/2 year-old boy named Elliott and are expecting a child in November 1988. I'm golfing, traveling - we love Mexico! - and look forward to spending time during the summers at our family home on Hayden Lake.

**Diane (Scott) Huffman, 7430 E. Caley Ave., Ste. 140, Englewood, CO 80111 (303) 699-8858**

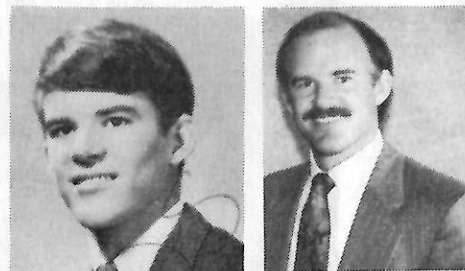

After a five year banking career in Spokane, I moved to Denver where I currently reside. I did live in Seattle for a two year period. I loved Seattle and may make it my new permanent home. I have been working within the real estate industry for 18 years. I have been a Mortgage Loan Officer for seven years. I am a single parent with a red-haired, blue-eyed three-year-old daughter that keeps me extremely busy.

**Barbara (Scotten) & Howard Peters, E. 3928 - 24th, Spokane, WA 99223**

I've lived in Spokane continuously and have traveled to some southern states. I was married in 1972 and had son Arron, now 15. Married Howard in 1977 and had two more children, Christa, 9, and Shaun, 6. I work part time, go to school part time and co-parent full time with Howard.

**Jim Seaman, 6100 Alpine Woods Dr., Anchorage, AK 99502**

**John Sears, 7134 S.W. 182nd, Beaverton, OR 97007**

Currently I am the executive news producer at KPTV in Port-

land. Basically, what that means is that I get to clean the windows and sweep the floors, take all the blame and none of the credit. My wife Coreen and I have been married for 13 years and have survived an all-out assault from our five kids. The oldest is a daughter, 12, and the rest are boys so we do have our hands full with laundry, Little League Baseball, stitches, basketball, dirty socks stuffed in hidden corners and junior golf. But our biggest goal in life is to make sure our four-year-old lets the three-year-old live another year. I spent from 1969 to 1971 as a missionary for the LDS church and graduated from BYU in 1974. I then went from the depths of poverty as a student to the heights of poverty as a radio announcer in Idaho Falls. For the next two years I played while being a sportscaster at a Eugene television station. For the next three years I worked in Portland as a TV news reporter. I then blindly jumped into TV news management where my "cynical liberal bias" is flourishing quite well thanks.

**Dale & B.J. Sebo, S. 6321 Crestline, Spokane, WA 99223 (509) 455-6464**

Having cured leprosy, cancer and common cold; single handedly brought the world super powers to the table and solved inflation in the first 10 years since graduation, I have concentrated on more esoteric causes in the second decade. I've recently been elected president of the Preservation of Polyester Parliament, a non-profit corporation (501-C#) founded to ensure that this unique fashion statement will remain permanently part of our memory. I've worked on a formula for slow-brewed coffee to be served in fast food restaurants; a nuclear-powered toilet for resale to the Third World, and indepth detailed, thought provoking safety cards to be used in emergency situations on national airlines. All the endeavors are being subsidized by my ongoing television evangelism program. TV evangelists do more than lay people! I'm still married to the same wife, still have the same job and same kids as ten years ago.

**Nola (Secor) & Jim Evans, N. 5725 Elgin, Spokane, Wa 99205 (509) 326-2618  
Wayne Sepolen, 10833 N.E. 135th Place, Kirkland, WA 98033 (206) 821-6278**

**Kristen (Shank) & Frank Shinneman, 136 Lincoln Ave., Ridgewood, NJ 07450**

**Philip Shatzer, S. 3312 Freya, Spokane, Wa 99223**

**Mary (Shellberg) & Roland Hansen, Box 153, Warden, WA 98857 (509) 349-8915**

"Mary, Mary, Quite Contrary," as I was known in them days. My nursery rhyme days turned into "wonderland" days as I left Ferris and ended up wondering what to do now. I worked for a year as a secretary and "moonlighted" at the Milkey Way Dairy until the Fall of '69. I then went on to Northwest Bible College and spent the next four years in Fantasyland. I was cheerleader for two years, elected Home Economics Queen my junior year. It was four of the best years of my life as I made some beautiful friendships, learned to love God's word and about drove the Dean of Women crazy with "innocent pranks." From Fantasyland I went "North To Alaska:" to God's Country. I worked for the Alaska Youth Village and it was in Juneau I met my "Prince Charming," Roland Hansen. After our second date we were engaged and four months later, May 4, 1974, we were married. I wanted to make it easy for Roland to remember. Fairy Tale days soon turned to Nursery Rhyme days

crazy with "innocent pranks." From Fantasyland I went "North To Alaska:" to God's Country. I worked for the Alaska Youth Village and it was in Juneau I met my "Prince Charming," Roland Hansen. After our second date we were engaged and four months later, May 4, 1974, we were married. I wanted to make it easy for Roland to remember. Fairy Tale days soon turned to Nursery Rhyme days as I began feeling like the Old Woman in the Shoe who had so many children she didn't know what to do. By September 1979 we had four children, Arty, Arland, Avery, and finally our little girl, Amree. What a joy and a blessing they are to us. We enjoy following them around to their sporting events and Amree to her recitals. We look forward to the year 1992 when the "A-Team" will all be on the varsity football team. We own our own grocery store in Warden and enjoy living in a small community. The kids all help out in the store and mom does the bookwork. I'm sure it will be here in Warden that the Hansen family will live happily ever after. The end.

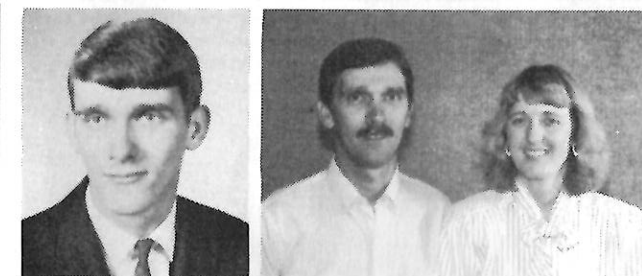

**Dan & Pam Simpson, W. 2920 Sherwood, Spokane, WA 99201 (509) 325-0020**

It truly is amazing that 20 years have gone by in almost an eyeblink. I've always looked forward in life and looking backwards to do a biography is a difficult task. After Ferris I attended EWU for 4-1/2 years and somehow ended up as a welder, which was not fun. I enjoyed my college days as a bachelor and worked at many different jobs, including at a funeral home, as a construction worker and in the army. I am now a settled down family man with two kids, John, 10 and Danielle 2. My wife Pam and I have remodeled a Kirkland Cutter home and live a hectic but happy life together. I have been a realtor for 11 years and enjoy working with people. When we are not working we enjoy golf, raquetball and riding bikes with the kids.

**Allen & Linda Marie Singer, 310 MacAlvey, Martinez, CA 94553**

I graduated from the U of Colorado with a BS in Mechanical Engineering in 1972 and went to work for Standard Oil of California in San Francisco. I met my wife, Linda Marie, a transplanted New Yorker in '73 and we were married a year later. Linda taught High School for a while and I moved through different jobs within Chevron, even doing some college recruiting at WSU. Linda quit teaching and began writing, starting with tennis. She's traveled all over the world to major tournaments and I helped out with photography. Her writing has progressed into travel and entertainment, while my engineering has moved into real estate, still with Chevron. I've managed some mixed development properties - industrial, office parks - and now work on selling surplus company properties, nationwide. I took the Dale Carnegie course and taught it for a few years. Our first child, a girl, Arielle, was born in 1985, and we just had our second, another girl, Dahlia, born this past June ('88). Sorry I won't be able to make it up. I'll try for 25. I'd love to hear from anyone down in California.

**Arvid & Sally Smith, 19730 - 184th Ave. S.E., Renton, WA 98058, (206) 432-2056**

After barely graduating from high school (thank you Herm Caviness) my illustrious career began in Sacramento, CA where I almost became a busboy. However, they said I wasn't qualified. Also, they wanted someone who would be around for a while. This was a slight problem since I was a 1-A draft candidate. In March 1969 the Army gave me a call to train me to endure the long, hard life that was to await me. They gave me a rifle, a song, and a haircut and sent me to a faraway land called Vietnam. By December 1970 I completed all the training the Army could possibly provide so I went to college. In 1972 I went into business with my dad. Another blessed opportunity to increase my worth. By 1973 we went bankrupt. So many opportunities. From 1974-77 I went back to college and graduated from EWSC in accounting and business administration. In 1977 I went to Seattle to work as a government auditor. there in 1979 I met my wife. She told me I wasn't her first choice but I'll get her for that. In 1985 I married Sally. I told you I'd get even. Our first child - a little girl - was born in 1987. What do I know about girls?. In 1988 my wife is trying for her second child, but about she doesn't need my help.

**Roebin Smith, N. 4023 Helena, Spokane, WA 99207**

**John & Laura Snyder, 4745 Hummingbird, Houston, TX 77035 (713) 728-4523**

I've been assistant professor of Music Theory and History at the University of Houston since August 1987. My wife, Laura is a music librarian at Oberlin College. I've taught at Oklahoma State from 1974-75 and received a PhD in Music Theory from Indiana University in 1982. I taught at the University of Wisconsin-Milwaukee from 1982-83 and at Nicholls State U in Louisiana from '83 thru '85. I spent a year at Northfield, MN where Laura had a one year music library position and then it was on to Oberlin, OH where she still has her music library position. One does not have to join the Navy to see the world. The offer from Houston last spring was too good to pass up, so we've been doing the commuter marriage bit this year. It's trendy, but not much fun. We are both active in our professional organizations - Laura is now an officer in one and is doing work on a book, while I'm doing papers and articles (publish or perish and all that). One high point in this vein was a trip to Strasbourg, France in 1982 for the 13th Congress of the International Musicological Society, at which I gave a paper. We also enjoy bird watching, hiking, photography and camping, as well - of course - as attending concerts and the theater. We have no children, but do have one cat.

**Fonda (Sparks) & Steve Herrick, 6326 E. 6th, Spokane, WA 99213**

**Lanny & Christine Speyer, 508 North Shore Dr., Bellingham, WA 98226 (206) 671-5641**

Well, here goes an attempt at summarizing an amazingly fast 20 years. After graduating in 1968 I decided on further education by attending Washington State University. I found my interest lay primarily in the business field. I stayed with this endeavor and graduated in 1972 with a BA in Business and Marketing. Between my junior and senior years, I married my wife, Christine Hovde who was a 1970 Ferris graduate. After moving from Pullman and settling in Mukilteo, near Everett, I found a position with Moore Business Forms as a sales rep. This was a fun, interesting job, but quite stressful. After about a year I left Moore on my own accord and was hired as a sales rep for RJR-Tobacco. This meant a move to Bellingham where we have made our home for the past 15 years. I have been employed by RJR-Nabisco for that entire time. During that time I served as an assistant division manager and now currently hold the position of Area Sales Rep. The management job, although prestigious, meant too much time away from my dear family. This leads me to the fact that my sweet wife of 17 years has brought me not only much happiness, but as part of this happiness, two wonderful boys. They are Shawn, 6 and Aaron, 12. Both boys are constantly active. Between school activities, sports and family, no wonder 20 years has gone by so quickly.

**James Steiger, E. 230 High Drive, Spokane, WA 99203 Kathy (Stevens) & Ron Elliott, W. 824 Carlisle, Spokane, WA 99205 (509) 326-4684**

I married Ron Elliott (Class of '68 Wheatland High, CA) who has been my life partner for 17 years. We have one child, Jennifer, who will be a junior this fall at (forgive me) North Central, and a member of the Class of '90. I have worked in the law field as a legal secretary and most recently as a legal assistant for the firm of Richter-Wimberley. My parents have been temporarily residing in Kingston, New Hampshire, a sleepy little New England town 65 miles north of Boston and I have made several trips back to see them. In fact, my daughter and I plan on spending part of the Summer of '88 with them.

**Bonnie Stevens, 4836 N. Alameda Blvd., Spokane, WA 99205 (509) 326-9426**

**Kathy (Stevens) & Ron Elliott, W. 824 Carlisle, Spokane, WA 99205 (509) 326-4684**

I married Ron Elliott (Class of '68 Wheatland High, CA) who has been my life partner for 17 years. We have one child, Jennifer, who will be a junior this fall at (forgive me) North Central, and a member of the Class of '90. I have worked in the law field as a legal secretary and most recently as a legal assistant for the firm of Richter-Wimberley. My parents have been temporarily residing in Kingston, New Hampshire, a sleepy little New England town 65 miles north of Boston and I have made several trips back to see them. In fact, my daughter and I plan on spending part of the Summer of '88 with them.

**Susan Stewart, 10813 N.E. 149th, Bothell, WA 98011**

**Joe Stoltz, 1609 College Way, Coeur d'Alene, ID 83814 (208) 667-0100**

**Tracy Stone, P.O. Box 1241, Spokane, WA 99210 (509) 455-8849**

**Mary (Sunderland) & Mark Brian Wickersham, 18848 S.E. 163rd Renton, WA 98058 (206) 271-0750**

I graduated from WSU in June 1972 with a BS in Chemistry and a teaching certificate and later attained a degree in Science Education from the U of W. I married Brian Wickersham in 1971. He's a planning engineer at Boeing. I began work at the Highline School District in September 1972. I teach science in grades 7-12. Over the past 16 years I have taught Chemistry, Physics, Biology and Geology. I also help with the Honors program and help with the Middle School Honors Science program. I have been the science department chairman for five years and have worked on the Science In Technology Energy Commission in King County. I belong to Beta Sigma Phi Sorority and have held offices in that organization. I have worked as a counselor for the Pioneer Girls Summer Camp for 12 years. I also do the promotional photography for the group. My husband and I do professional photography and have a part-time business called Cascade Photo. We travel a lot for photography - to Europe, Hawaii, Mexico and across the U.S. We bought our second home 1-1/2 years ago and have been busy setting up the lawn, terracing the flower beds, fixing a new patio and spa area. New houses are not the easiest to work with. We have 3/4 of an acre to plan and landscape. It seems to be taking all our time.. Our hobbies include collecting cranberry glass and crystals, stamp collection, shell collection, photography, rock and fossil collection. We have no children, but do have two cats, one rabbit, several guinea pigs and a hamster.

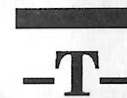

**Gary & Gaye Sutter, 821 E. - 3rd, Spokane, WA 99202 (509) 534-6311**

**Don & Wendy Swanson, 4954 - 197th Ave. E., Sumner, WA 98390 (206) 862-8170**

I left Ferris to spend four years on the coast at Pacific Lutheran University where I got a physics degree, became a hippie, and met the person I would eventually get married to. In 1972 I moved to Santa Clara and began working at Hewlett Packard in Manufacturing, Research and Development. I moved into Marketing about a year later and in 1975 took a sales job, with the same company and moved to LA. During the Northern California stint, as well as up to 1978, I lived with from two to four other guys and learned to do some serious partying. Shortly before our Ferris Ten Year Reunion, I succumbed to matrimony. My college girl friend, Wendy Hennell lived in LA too. We received an opportunity in late 1979 to move back to the Northwest and decided to go for it. We moved to Lake Tapps, which is where we still live. It's south of Seattle on the way to Mt. Rainier. I still work for Hewlett Packard and am the Area Sales Manager for the Northwest. We have three kids, Kyle, 7, Kari, 5, and Kelin, 2. We also have a dog and have blended into middle class America. We're all water ski fanatics, music addicts and Seahawks Diehards. After living up and down the coast, I still think Spokane is the best place to live and would move back if I could keep my same job. Seattle's second best, though!

**Bruce Sweat, S. 1411 Lincoln, Spokane, WA 99203 \***

**Tommy Thomas, 1524 W. Broadway, Spokane, WA 99201 \***

**Cheryl (Thompson) & John Kilmer, N. 5327 Walnut, Spokane, WA 99205**

Time stands still for no one and 20 years have sure slipped their way by me. I've stayed in Spokane, living in the northwest area. A son, Chad and a daughter, Summer, help keep my days full and busy. Being a single parent is an adventure in itself. Working for Albertsons has helped me stay in touch with the public. I have found a poem that pretty well wraps up the past twenty years for me. It's called Anniversary, By: Bertha Bloksberg:

*In time gone by we gathered precious fruit  
While on our way toward far-off Alpine peaks,  
And when we fell, we clung to aged roots, Like twigs  
enmeshed in swirl of thawing creek.  
The years have left their mark on mind and heart  
(The millstone we have gathered on our way).*

*Yet every pain has as its counterpart  
The countless joys we shared but yesterday.  
And now, when time demands his proper fee  
We are content that every debt be paid,  
For we have traveled roadways none can see  
Who has not felt the thrill of Eros' blade.  
Let others seek the rainbow's fabled gold,  
Our priceless prize is in the love we hold.*

So here we are, starting our next twenty years and may they be as adventurous and full as the past twenty.

**Polloy (Thosath) & Carl Carlson, 948 E. 31st, Spokane, WA 99203 (509) 747-6476**

After graduation from Ferris I attended the University of Puget Sound and worked in the Registration Office for three years. I returned to Spokane and graduated from Whitworth in 1973 with a BA in Psychology and a minor in art. I worked at various clerical jobs, married Carl Carlson in 1975 and completed my MS in general psychology at EWU in 1981. I worked as a psychometrist for a time and filled in as a Vocational Rehabilitation Counselor. In 1983 I started work as a VRC full time and have acted as supervisor of our office for the past four years. In our spare time Carl and I enjoy bicycle riding, swimming, cross country skiing and, yes, we work out at a gym twice a week! We also enjoy spending time with Carl's six grand kids, and when I get time I like to sew and read.

**Colleen (Tiede) & Joseph Cariss, E. 8316 Courtland, Spokane, WA 99212 (509) 928-4718**

In my early teens I remember the many times I was told by mom and many others that with my love of kids I should have many. Well, I listen well and as a result have a combined family of seven children (six live with us and one is back and forth). The youngest is 10 and oldest is 17. Yes we are very busy as all are quite athletic and very social. After high school I attended the University of Puget Sound, had a great year, but decided to go to work full time and so started my continued education in construction as a secretary until 1975 when my first daughter was born. Heather was born in 1976 and just before our ten year reunion in '78 my son was born. In 1980 my husband and I parted company and I returned to work as a medical claims adjuster and met Joe Cariss who has filled my life in all the best ways. What a deal, I got Joe and four more kids. My family went into shock, but quickly recovered when they realized how great we blended. It's chaotic at times and not always possible to find a quiet place to regain your sanity, but then mine has been long gone and the motto here is: "Don't be

late for dinner or you might go without."

Getting bored with the office end of things, I drastically changed my work field and jumped back into construction, but on the outside instead of in. So when you see those dreaded signs along the way that say "Road Construction Ahead, Be Prepared To Stop, Flagman, etc." think of me or look for me under that hard hat holding the sign paddle and smile. I will! It's sometimes too hot or too cold and the hours can be oh, so long, but all in all I enjoy my job a lot. Joe and I don't get away much, but dream and plan of where we will go soon. In summers we all love the many water sports and baseball. The rest of the year is pretty much filled with kids sports activities and our involvement in our church. And much of the time is spent trying to catch up with the laundry. See you at the 25th, or sooner!

**Cindi (Tiemann) Ghezzi, 4404 E. 57th, Spokane, WA 99203**

**Donna (Tombari) & Phil Salgado, E. 2129 - 49th, Spokane, Wa 99203 (509) 448-4700**

Phil and I married and moved to Portland just before our last reunion. I taught in the alternative school in Vancouver, Wa for three years before retiring when our son Gordon was born. 1986 was a memorable year. We moved to Richland in July and our daughter Susan was born in September. Last summer we were pleased when Phil got a promotion that brought us home to Spokane. My brother, Jim, built a house for us in the Hamblen district. We moved into it in February. I keep happily busy mothering Gordy, who's seven and Susan who is almost two. I also grow flowers and volunteer at our church.

**Tom Tomlinson, % Alaska Center For The Performing Arts, 425 G Street, Ste. 300, Anchorage, AK, 99501 (907) 277-1988**

I'm not lost!!! I recently spoke with a fellow classmate who indicated that I am among the missing. I know exactly where I am, and haven't been missing for some time. I've been opening performing arts centers around the country, and am now doing the same in Anchorage, Alaska. I move every few years doing this job, but you could use this work address for now.

**Dennis Tonhofer, 46 W. 34th, Spokane, WA 99203 747-0343**

**Richard & Janie Tresko, W. 226 Barnes Rd., Spokane, Wa 99218 (509) 467-8875**

It sure doesn't seem like 20 years, but time flies when you're

having fun! I'm still in the stone business with most of my efforts going into commercial and residential use of marble and granite. Janie and I are going on 14 years of marriage - an achievement in itself. We have two great children - Amy who is nine and David, seven. They are both at Evergreen Elementary in the Mead School District.

**Bart & Diana Triesch, S. 5905 Helena, Spokane, WA 99223 (509) 448-0551**

Since graduation in 1968 my life has changed greatly. The days of shooting pool at the B.A., drinking beer and chasing girls (my favorite past times) have been dramatically reduced. But there are some consolations. I am married to a beautiful person whose name is Diane. We have four lovely daughters to spice up our lives. We work closely together running our own businesses - Tri State Market Supply, Star Label and Prime Food Equipment. We both love the Spokane area and feel our lives have been blessed abundantly. But if any of my old high school buddies want to hustle some pool, drink beer or chase women, please give me a call.

**Gail Trillett, W. 1417 Mansfield, Spokane, Wa 99205 (509) 326-9361**

**Larry & Marcia Vance, N. 3227 Wellington Place, Spokane, WA 99205 (509) 328-5666**

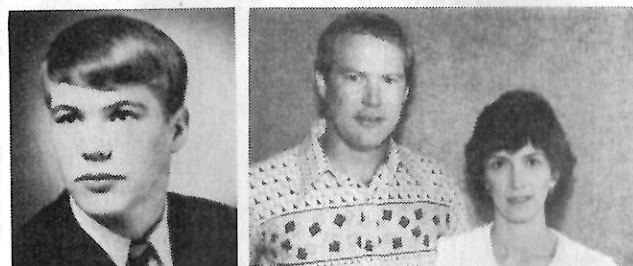

I am now an attorney for the firm of Winston & Cashett, specializing in construction, bonds, liens and insurance law. I graduated from Gonzaga School of Law in 1975. I teach part time in law and business-related classes in high school and local junior colleges. I also enjoy running, hiking, golf, photography, basketball and just about any other physical activity that takes me out of the office. I'm trying to figure out a way to retire by age 40. The lotto looks promising. My goal is to run out of both air and money about the same time. I used to run marathons to keep in shape, but have found that keeping up with two teenage girls is about all I can handle most of the time. Before I had teenage girls, however, I ran in the Boston, New York, Los Angeles and 22 other marathons. I still enjoy rock music and parties, but have noticed that the recovery period is longer. I have also acquired an interest in plays and classical music which is a sure sign of middle age. I am married, and my wife Marcia is a pharmacist and 1966 Holy Names graduate.

**Susan (Vermillion) Gross, 2028 Papago Dr., Sheridan, WY 82801**

**Julie (Volker) & Michael Oriard, 3010 N.W. McKinley Dr., Corvallis, OR 97330 (509) 752-3976**

Twenty years after graduating I find myself living in Corvallis, Oregon with my husband Michael and two sons, Colin, 7, and Alan 3. I teach kindergarten half-time. I graduated from EWSC in 1971 with a BA in Education. I married Michael Oriard in June 1971, after which we lived in Kansas City, Missouri and Palo Alto for the next five years. I started teaching in 1974 in California and continued when we moved in 1976 to Corvallis, where Micheal teaches in the English Department at Oregon State. I taught full-time until our first son was born in 1980, then half-time afterwards, with two years off with each baby. Bucolic Corvallis suits us. We camp in the Cascades in the summer and turn prunish in the rain in the winter. We get away periodically. We spent a half year in West Germany in 1982 and are going back for another semester in 1989. The restaurants in Corvallis are lousy, but my friends tell me I make great pot stickers. I try to stay in shape with swimming and aerobics, though I haven't hauled out my old cheer-leading outfit to see if it still fits. Since my seven year-old became passionate about basketball this year, I've discovered that I'm going to have to get interested in sports again so that I can talk with my sons.

-W-

**John & Roberta Waines, W. 325 Sierra Way, Spokane, Wa 99208 (509) 466-4979**

I have been living in the Spokane area for the last 20 years. I'm married. My wife Roberta and I have two children, Nicole 15 and Kevin, 11. I work for KOP Construction.

**Michael Walters, 5118 E. 16th, Spokane, WA 99206 (509) 535-1252**

I have been working the past eight years for Inland Power and Light as an Electronic Technician/Meterman. Before that I owned my own electronic repair shop called Mikes Electronics. Before that I was finishing off the GI Bill at SCC in the electronics program. I have just moved into my first home, an older home that needs a little of this and that. For the past 3 to 4 years I've attended classes at GU. I've also traveled from coast to coast going to conventions educating myself on the abortion issue. After having been involved for seven years on the issue of abortion, I began a sabbatical or a year's rest! At the present I'm volunteering part-time at the county jail.

**Peggy (Warth) & Bill Hosford, 616 N. G Street, Tacoma, WA 98403 (206) 627-2775**

I went to Stanford right after high school where I did not major in creative writing (which explains why I will not dazzle you with my writing skills). I did major in Human Biology. Sometime in my senior year I decided to go to medical school, so I ended up spending four more years at Stanford to get my MD. I then came to Seattle to do three years residency in family practice. I met my husband in 1978 and after a short courtship, which consisted of flying back and forth between Washington and California, we were married. We have four children, Brian, 18, Megan, 13, Justin, 9, and Sarah, 3-1/2. Since finishing my residency I have held a variety of positions. I worked at Group Health for two years, then served on the faculty at Tacoma Family Practice Residency, and then returned to Group Health for four years where I was also the Chief of Staff for our clinic. Starting in July 1988 I have gone into private practice with another woman. This is really an exciting adventure. Between juggling the duties of parenthood and a fulltime career, I have little time for anything else! I do enjoy exercise in the form of aerobics, jogging and skiing. Other than that I mostly spend time with my family.

**David & Cheryl Lynn Weidner, E. 3423 - 37th, Spokane, Wa 99203 (509) 448-1134**

I attended SCC for a short while before joining the Navy in 1969. In the service I attended Electronics school. In 1972 I married Cheryl Lynn Sipp (NC grad) on the day of the Watergate break-in. From 1971 to 72 I taught Electronics C School for the Navy. From 1972-74 I attended submarine school in New London, CT and was later stationed on the Thomas Jefferson Polaris submarine. In March of 1974 our son Phillip was born and almost three years later a second son, Charles, was born. For nearly a one year period from 1974-75, until my discharge, I was stationed on Guam aboard the submarine tender USS Proteus. After release from the service I worked for a truck and trailer repair firm and drove a sandwich truck. I went to work for the DE Weidner, Co., Inc. as an estimator and bookkeeper, In 1985 I became operations manager for the company.

**Katie (Wells) & Scott Hall, 6230 - 79th Ave. S.E., Mercer Island, WA 98040**

After graduating I attended the U of W for a year and transferred to EWSC to complete a BS degree in Nursing in 1973. I worked in Spokane at St. Lukes and Sacred Heart until 1976 when I moved to Seattle and continued to work. In 1979 I went back to school at the U of W and in 1980 I completed their Physician Assistant/Nurse Practitioner program. I married Scott Hall, originally from Ephrata, but who transplanted to Southern California in

1980. He is a physician in private practice in Seattle. We have two children, Abby, 5-1/2 and Sam, 4. I worked as a family nurse practitioner in a clinic in Bellevue until 1985 and then retired to the life of a fulltime homemaker. We ski with the kids in the winter - they are both better skiers than their mom is now - and hike and swim with them in the summer. And yes, I do drive a station wagon.

**Deborah Wickham, E. 2523 Hartson, Spokane, Wa 99202 \***

**David Williams, 456 Fairview, # 208, Arcadia, CA 91006 \***

**Donald Williams, E. 622 - 23rd, Spokane, Wa 99203 \***

**Guy Williams, E. 10409 - 14th, Spokane, Wa 99206 \***

**Marsha (Williams) & Tom Hoag, E. 11418 - 48th, Spokane, WA 99206 (509) 924-9027**

I have been married for 18 years to Tom Hoag. We have one boy, 13. Tom and I both work for Williams Equipment Co. We have enjoyed traveling through most of the United States and to many foreign countries because of our job.

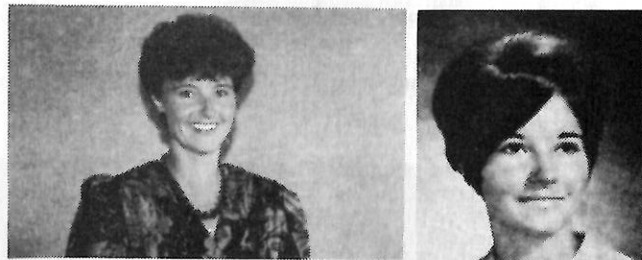

**Penny (Williams) Taylor, 2904 - 6th Ave., Lewiston, ID 83501 \***

**John Williamson, W. 3223 Holyoke, Spokane, Wa 99208**

**Dorothy (Wilson) & Oral Hamilton, E. 3906 - 36th, Spokane, WA 99223 (509) 448-9187**

I married Oral Hamilton in 1972. We lived in St. John, Wa until 1978 where I worked as a waitress and bookkeeper. Our son, Brandon was born while we lived there. We moved back to Spokane in August 1978 and our daughter, Nicolle, was born that year. I am a Girl Scout Leader and have been with this troop for three years. I have been bowling for seven years and was secretary of an adult/junior league for six years. I am a junior league bowling coach and have been a certified coach/instructor for six years. I am now on the Adams Elementary APAC committee, and have worked as a teacher's aide for the last five years. I operated a booth in craft fairs but had to give it up for lack of time. I worked for a year as a sales person in a Scuba Diving store and a year later we bought the business. We own and operate Spokane Adventure Sports. We both love to scuba dive. Oral is an instructor in the sport. We live on the south hill, not far from Ferris. Currently we are busy with our store and we hope to have some time to travel and dive in exotic places. We dove the Keys of the Florida coast a couple of years ago and in the San Juan Islands a couple of times a year.

**Marilyn (Wilson) & Rich Wells, Rt. 5, Box 356 W, Spokane, WA 99208 (509) 276-5441**

Wow, twenty years already! Life has been great for me since graduating. The first ten years were involved with working and starting a family. These past ten years have been the best. I've been married 19 years to a great guy named Rich. We have two children, Richie, age 12 and Ashley, 4. We have set up country living north of Spokane on beautiful view property with a year around creek and lots of wildlife. I'm having fun playing mom and putting lots of miles on the car between sports and kids activities. In my spare time (ha-ha) I produce and sell country crafts. I'm represented in a lot of local stores and have accounts as far away as Alaska. I hope the next twenty years is as exciting. It's been fun helping out on the reunion committee.

**Sue (Wilson) Miller, 4950 A. Keating Rd. N.W., Olympia, WA 98502 (206) 866-1135**

**Tim Wisecarver, % Wm. Wisecarver, Box 683, Longview, WA98632**

**Cathy (Wiseman) Nevin, 1114 Chiltern Dr., Walnut Creek, CA 94596**

After graduating from Ferris I attended and graduated from Western Washington University with a Theater Arts Degree. I worked for a short time after college, teaching dance and doing some professional modeling. Shortly after my marriage in 1973 I had my first daughter Melissa who is now 14. A second daughter, Christy, is now 10.

I "retired" from a career for a while and became very involved in community, church, and volunteer organizations, traveling with my husband, skiing, playing tennis and sailing. I was married for 10 years and then divorced in 1984. I went to work at the Bon Marche in Bellingham as their advertising and special events manager, a job that consisted of coordinating their fashion events. I later became the wardrobe consultant and personal shopper. My daughters and I moved to Miami for a short time and while there I worked in the design center. I am now living in Walnut Creek, CA with my two daughters and love it. I have my own consulting business and conduct seminars for groups on personal image and presentation skills. I also work part time for the Fashion Institute of Design & Merchandising as a lecturer and recruiter. I go to high schools and put on presentations about the design industry.

**Scott Withee, 19180 N.E. Jaquith Rd., Newberg, OR 97132**

**Victor Wold, 417 - 9th, Redwing, MN 55066**

**Luella (Wolff) & Elden Hopp, E. 10309 Alki, Spokane, WA 99206 (509) 928-6449**

I have had three main jobs after graduating from Ferris. One has been working as a telephone operator for School District 81, another working as a forklift operator and third, working for U.S. Bank (formerly ONB) as a clerk and working up to account administrator. I have been in the banking business for 10 years. I have a diploma from AIB in banking and a diploma from SCC in the secretarial field. I have two fine sons, Steve and Zeb and three fine step children, Pat, Jennifer and Kelli. My husband and I spent eight years building a new home at Loon Lake which we have just recently moved into.

**Dan Woodman, E. 1907 - 64th, Spokane, Wa 99203 (509) 448-1874**

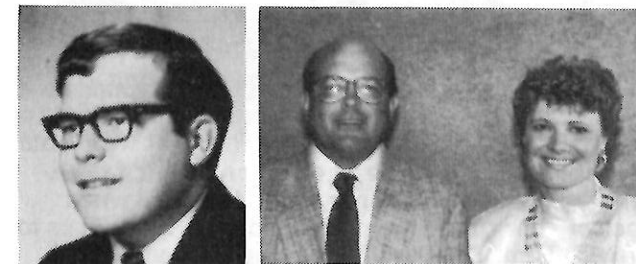

I graduated from EWU with a BA in Liberal Arts in 1972. I was employed with Blake, Moffitt & Towne in sales from 1972 to 1981. From 1981 to present I have been the owner/manager of Inland Wholesale Paper/Lincoln Container & Packaging. I'm single with no children.

**Julie Woodward, 622 N.W. 75th, Seattle, WA 98117**

Note: An asterisk (\*) after the address denotes the last known address of this graduate.

## -In Memorium-

Ofentimes we hear people say, when someone young has died that "he passed before his time." Well, death is something that we should think of as a gate, a passageway, an opening to another way of "being." Only the Lord knows when each of "our time" has come, and then He calls us to be with Him. The Lord has reached out and called our friends to be with Him sooner than the rest of us. Our prayers are with them always.
